TEN CENTS A WEEK

SOME SAVING MUST BE DONE IN EXPENSES

Government Disbursements Continue to Exceed Receipts—"Lame Ducks" Being Taken Care of.

WASHINGTON, March 10.—The United States Government is retrenching. Spending \$100,000,000 more this year than it is taking in, some shaving must be done.

The "retrenchment" policy went into effect March 1. The charwomen that clean the big, white marble building just southeast of the Capitol, known as the House office building and occupied by the members of Congress and their secretaries, were the first to suffer. Previous to March 1 fifteen women were assigned to each floor, working from 5 to 8 o'clock in the evening. When retrenchment was decided upon the hours of the charwomen were lengthened from 4 to 9 o'clock, and the force of workers reduced from 15 to 8. The pay remains the same.

The retrenchment policy will not interfere, however, with the taking care of the "lame duck" brigade. "Lame duck" is the term given the member whose constituents indicated their desire that he return to private life by sending another to Congress to take his place.

Senator James A. Hemenway of Indiana has been authorized to continue his investigation of the Secret Service. He will get the full salary of a member of Congress while his inquiry is on, and it is said that it will take two or three years, and by the end of that time the scope of inquiry may have broadened out to such an extent his services will be required indefinitely.

Jesse Overstreet of Indiana, who was chairman of the House committee on postoffices and postroads, draws a place on the currency commission at \$7,500 a year. Mr. Overstreet is being retained on the ground that he is an expert on postal affairs, and that therefore his services will be valuable in connection with such phases of the work as may have to do with postal savings banks.

Last winter newspapers in many parts of the country printed column after column of "news" about Representative Overstreet. Parts of these articles are worth reprinting at this time, because they may aid the reader to draw conclusions as to why the leaders of the Republican party are taking care of Mr. Overstreet.

"He is said to have refused persistently," said The Chicago Journal, referring to Overstreet, "to give hearings to bills that in any way tend

to impair the big telegraph companies."

The Toledo (Ohio) News-Bee on April 1, 1908, said: "Congressman Jesse Overstreet of Indiana, chairman of the committee on postoffices and postroads, to which committee all bills pertaining to telegraphs, and the public ownership thereof, are referred, refuses persistently to give hearings to bills that in any way tend to threaten the abnormal ownership of the big telegraph companies. He is getting more and better results in Congress for the Western Union and Postal telegraph companies than an army of lobbyists could."

Overstreet was defeated for reelection because of his record in Congress, but his salary will go on without interruption.

The last official act of Vice-President Fairbanks was to name Henry M. Teller, Senator from Colorado until March 4, to serve on the commission to revise the penal code of the United States. This action was taken with the consent of the Senate. Senator Teller has had thirty-one years of service in the Senate, and his colleagues were not opposed to his being given a position that will keep him occupied.

Senator Fulton of Oregon, defeated by Governor Chamberlain, will be made a Federal district judge in Oregon, which is considered as nice a berth as being a Senator. It is possible that Senators Kittredge, Hansbrough, Ankeny and Long will be named either on the waterways commission or fisheries board.

Others of the "lame duck" class who are mentioned for places are Col. "Pete" Hepburn, on the Interstate Commerce Commission; J. Adam Bede of Minnesota, and James E. Watson and Charles B. Landis, both of whom hail from Mr. Overstreet's State.

It is being recalled that Col. Hepburn, who is slated for appointment to a commission the principal duty of which is to regulate railroads, has for years been charged by his opponents in Iowa with being the obedient servant of J. W. Blythe, general solicitor for the Burlington railroad. He has supported several measures, however, to which Blythe was reported antagonistic, and Col. Hepburn's friends declare he and the Burlington political leader have largely broken asunder.

BRYAN'S DAUGHTER OBTAINS DIVORCE

LINCOLN, Neb., March 9.—Ruth Leavitt, eldest daughter of William J. Bryan, was today granted a divorce from William Leavitt. She alleged non-support.

Mrs. Leavitt and her mother appeared in the court of Judge Conish and both alleged that Leavitt had not contributed to the support of his wife. There was no defense. Mrs. Leavitt was granted the custody of the two children.

MICANOPY NOTES.

MICANOPY, March 9.—Dr. I. W. Waddell and wife of McIntosh spent Sunday here as the guests of Mrs. J. B. Simonton. Dr. Waddell preached two sermons Sunday, 11 a. m. at the Presbyterian church and at 7:30 p. m. at the Baptist church. He is a fine preacher, and our people enjoy hearing him.

J. W. Chamberlin of Tacoma was in town this morning.

L. E. Wade of Rockland, Maine, is a guest of Dr. H. C. Crawford for a few weeks. He likes the climate of Florida.

J. B. Simonton was called to Atlanta, Ga., on important business for a few days.

Mrs. E. P. Guernan of Ocala is visiting Mrs. L. H. Willis, Jr., for a few days, at her home near this place.

Mrs. W. C. Johnson has returned from a visit to friends in Jacksonville.

Mrs. O. E. Baynard is visiting friends in Jacksonville for a few days. Miss E. G. Seemmes was in town yesterday.

Mrs. Ross of Ohio is visiting Mrs. W. C. Johnson.

Capt. D. C. Hart has gone to Jacksonville to spend a few days with W. R. Carter and family of Bartow. His daughter, Mrs. Lottie Norwood, are visiting Capt. J. W. Carter.

We are glad to hear that Miss Susie Smith will soon be out, after being confined several days with an attack of fever.

There is talk of a crate and basket factory being built here at an early date. We hope the parties will go ahead and build, as this is a good field for such an enterprise.

Buist Chitty has returned home after completing his business course in Jacksonville.

Mrs. Richardson of Atlanta, Ga., is stopping at the Tusculum Hotel for a few weeks.

The game of baseball between the Gainesville and Micanopy juniors did not materialize last Saturday. The sports here were disappointed.

R. M. Chamberlin of Tacoma went to Miami yesterday as a delegate to the K. of P. convention.

Several new telephones have been installed here this month—one at the residence of W. W. Coleman, one at W. S. Williams', and J. B. Simonton has run a line to his farm at Lake Simonton. They have all connected with the Southern Bell exchange here.

The invitations to the marriage of Mrs. Sue Dillard Feaster of this place to Mr. Ethel Allen Hixon of Lake City, on the 18th of March, are out. Mrs. Feaster's friends here wish her all the happiness possible, but they certainly hate to have her leave Micanopy. We extend congratulations in advance.

Mr. Godwin of Fairfield is in town today.

Mrs. G. T. Jarrell of Clyatt is in town this morning.

Realty Transfers.

Probably no other city in the State can show up in the real estate line to compare with Gainesville. Since Monday there have been thirteen changes in real estate, the greater part of them being in Gainesville proper.

Following is the list: W. L. Smith and wife to J. F. McKinstry, Jr., W. W. Cato to G. W. Young, A. O. Steen-

THIRTY LEFT DEAD IN THE PATH OF TORNADO

Nearly Every Building in Arkansas Town Thrown Down and Hundreds Made Homeless.

BRINKLEY, Ark., March 10.—Thirty or more lives were snuffed out, sixty people were injured and property estimated to be worth \$1,000,000 was destroyed as a result of the tornado which wrecked this little city last night. Of the known dead fourteen are white people, as follows: Isaac Reed, Mrs. Isaac Reed, Russell Reed, Raymond Reed, Porter Foote, J. L. Starrett, Harry Stovall, Jr., Mrs. Ethel Phillips, Mrs. Belle Darden, two children of Mrs. Darden, Charles Frenze, A. M. Hood, and an unidentified man.

Among the more seriously injured are:

O. K. Dowdle, side and ankle crushed; Mrs. E. H. Mason, arm broken and seriously bruised; Daniel Cummings, injured about head; Robert Alexander, badly bruised; Mrs. Claude Leakey, cut about body; D. V. Donnelly, wounded about head; John E. Waddell of Memphis, cut about head; Miss Clara Rose, seriously injured; Thomas Rose, badly bruised; Arthur Rose, crushed by timbers; Miss Daisy Rose, seriously bruised; Mrs. J. E. Morelock, both limbs broken; Mrs. John Smith, bruised about head and chest; Edward Livingston, hip and back injured; J. A. Stewart, bruised and crushed.

The remainder of the dead and seriously injured are negro residents.

Destruction in Tornado's Path.

The tornado hovered about the city only a few minutes but its work of destruction was complete. The Roman Catholic church, standing directly in the path of the storm alone escaped damage or destruction and stands tonight a grim sentinel on a scene of desolation. Main street and

Cypress avenue, two principal thoroughfares of the town, are now impassable and piled high with wreckage from end to end.

Every business house is, in ruins and there is hardly a home that has not at least suffered the loss of a roof or wing. The Arlington Hotel was totally demolished. Eighty guests were registered there, but all escaped uninjured. The Brinkley Hotel, Southern Hotel and Kelley Hotel were all destroyed without loss of life.

Relief squads have been at work all day caring for the dead and injured. The Rock Island and Cotton Belt Railways have placed cars at the disposal of the relief committee and many people are leaving Brinkley, seeking a temporary refuge at other points nearby. The dead were sent to Helena from which point internment will take place.

Hundreds Are Homeless.

Gov. Donoghay arrived from Little Rock this afternoon in response to a call from the citizens' committee. He has the situation well in hand and says food, clothing and shelter are the things most needed. Hundreds of people are homeless and are wandering about seeking a temporary abode. Three special trains arrived from neighboring towns yesterday bringing relief workers, physicians and nurses. The Catholic church has been converted into a hospital and here the doctors and nurses are caring for the injured. The citizens of Helena have generously offered the use of their homes for the destitute.

Mass meetings have been called for today in Memphis, Little Rock and other cities to raise funds and supplies for the storm victims.

H. McL. Grady's Store Robbed at High Springs

HIGH SPRINGS, March 10.—A bold and successful robbery was perpetrated in High Springs Monday night, when the dry goods store of H. McL. Grady was entered and goods to the value of nearly \$600 stolen. The principal loss was in men's clothing, shoes and hats. The entrance was effected through a window in the rear by cutting out the panes of glass. The only clue found as yet is a pair of the stolen trousers found near the cleaning establishment of a colored man named Porter. He has been placed under arrest.

Last night Mr. Grady received a telegram from the sheriff of Suwannee county saying that he had captured three men at Live Oak who had some of the stolen goods in their possession.

Mrs. G. W. Easterlin and Mrs. P. P. Wood left yesterday to attend the meeting of the Grand Lodge Knights of Pythias in Miami.

A. E. Summers, whose serious ill-

ness is causing his friends much alarm, is reported some better today.

Rev. G. W. Thompson is still confined to his bed. Much sympathy is felt for him in his long illness.

P. C. Summers of Birmingham, Ala., arrived in town yesterday, summoned to the bedside of his brother, A. E. Summers.

The entertainment at the High School auditorium last Friday evening for the benefit of the piano fund was a complete success. The play by the school girls and boys was creditably presented, as was other numbers of the talent of the school. They were assisted by several ladies with musical numbers, both instrumental and vocal, also a humorous reading by Mrs. J. C. Cowles, and a violin solo by H. B. Fay, both of which were very good.

As advertising finds the best market for everything else, why not for your personal services?

Dissolution of Copartnership.

The firm of the Gainesville Furniture & Machine Works was this day dissolved by mutual consent. W. B. Durst having purchased the interest of A. M. Larsen. All bills due said firm are payable to W. B. Durst, who assumes all liabilities of the same.

Very Destructive Fire Visited Orange City

DELAND, March 10.—Fire late yesterday afternoon destroyed eight buildings in Orange City. The blaze started from a kerosene oil stove in the kitchen of the Hill residence and soon spread to the drug store adjoining, destroying the residence and store, then jumping across the street to the city hall, which together with the Sperry House, occupied by Miss Massie, were destroyed. The adjoining store building was also burned.

News reached this city of the fire and the Deland firemen, in an automobile filled with hose, started on the six-mile journey to Orange City, making the trip in record time of 9 minutes, getting to work in time to check the angry flames at the Library building, thus saving the remainder of the business district.

The Brewster and Tucker buildings

were burned and the loss will probably reach \$30,000, with about \$10,000 insurance.

The fire started a great deal of excitement, both in Orange City and Deland, many citizens of this place driving over to Orange City to witness the fire. The Deland firemen deserve a great deal of credit for their hard work at the fire.

Card of Thanks.

We desire to express our heartfelt thanks to the many friends who so kindly assisted us during the recent illness and death of our son, Archie. We appreciate your kindness and feel that we are due you a debt of gratitude that will be hard to repay.

NO SURPRISE SPRUNG IN PIANO CONTEST

CATHERINE HAILE GOT LARGEST
VOTE WEDNESDAY.

Miss Dorian Ellis Now Leads Miss
Bessie Dupree by 31,840 Votes,
But Lookout.

Nothing of unusual interest occurred in the piano contest yesterday. Miss Ellis gained some 20,000 votes on Miss Dupree, but "wise ones" say the latter and her campaign manager, Miss Addie Goode, are simply "playing" with the other candidates, and that during the next few days they will swamp the whole bunch with a perfect avalanche of votes. This is not the first time rumors of a similar nature have been in circulation, however, and the other contestants are working hard to win. Following is the vote:

ONE MILLION DOLLARS FOR A GOOD STOMACH

This Offer Should Be a Warning to
Every Man and Woman.

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others.

Everyone who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is caused by an abnormal state of the gastric juices. There is one element missing. The absence of this destroys the function of the gastric fluids. They lose their power to digest food.

We are now able to supply the missing element—to restore to the gastric juices their digestive power, and to make the stomach strong and well.

We know that Rexall Dyspepsia Tablets will positively and permanently your disordered stomachs, indigestion and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result.

Price, 25 cents. Only at our store, or by mail. J. W. McCollum & Co., corner East Main and Union streets.

FORSYTHE—THOMAS.

Pretty Church Wedding Solemnized
Wednesday Afternoon.

A lovely church wedding was solemnized at the First Presbyterian church Wednesday afternoon at 3 o'clock, when Mr. James Adger Forsythe of Brevard, N. C., and Miss Alice Thomas of this city were united in the holy bonds of matrimony.

The church was beautifully decorated with palms, ferns, pot plants and dog wood, the altar being entirely embanked with lovely evergreens, presenting a beautiful appearance.

Long before the hour of the ceremony the ushers, Messrs. John Huddleston, Ralph Chapin, James Chesnut and Hubert Felkel, were kept busy seating the large number of friends of the contracting parties who had come to witness the marriage.

The flower girls were Lillian Clarke and Julia Patton, followed by the pillow bearers, Jessie Chesnut and Lillian Powell, carrying two handsome white satin pillows.

The maid of honor, Miss Leila Craig Bowers of Daytona, preceded the bride, who was accompanied by her father, Mr. M. B. Saunders. They were met at the altar by the groom and his best man, Mr. DeHope Sadler of Rock Hill, S. C., when the Rev. T. P. Hay performed the impressive ceremony which made them man and wife.

Mrs. James McKinstry, Jr., played the wedding march, assisted by Mrs. Alston McKinstry, while Prof. W. E. Woltz played the cornet softly during the wedding ceremony.

The bride was beautifully attired in a traveling suit of tulle grey with hat to match, and carried a large bouquet of white carnations, the groom wearing the conventional black.

Mr. Forsythe is no stranger among the citizens of Gainesville, having at one time made this city his home. He is now engaged in the hardware business at Brevard and has just recently had constructed a lovely home in that city for the reception of his bride.

Miss Thomas has been a resident of this city for a number of years, and by her pleasant manners has won a host of admiring friends, who reluctantly give her up. She had only recently graduated in music and was considered one of the most accomplished musicians of the city.

The happy pair left on the noon train for their future home in Brevard, N. C., and will stop en route at Charleston, where they will visit for a few days.

The presents received were numerous and expensive, consisting of cut glass, silver, linen goods, and many substantial checks were given in preference to presents from friends both in the city and out.

No invitations were issued in the city, but a general invitation was given for all to attend the ceremonies at the church.

If it's printed stationery you want, The Sun office is the place to get it.

AMUSEMENTS

Leu J. Beauchamp.

Hon. Leu J. Beauchamp will appear on the night of March the 17th at the Tabernacle for the Lyceum Course. Do not fail to hear him. He causes more laughter an evening than any one else on the platform.

"A Trip to Atlantic City."

The Wills Musical Comedy Co. will present the play bearing the above caption on the opening night of their engagement at the New Baird Theatre. The company numbers about twenty people—mostly girls—and good houses will no doubt greet them each night. They come March 18th.

"In Arizona."

The arrival of "In Arizona" Company, which will be the theatrical offering under canvas tonight, will be most pleasingly announced in the concert which will be rendered by the company's splendid cowboy band on the streets today. The musical feature also includes a first-class orchestra, which will accompany the performance tonight. "In Arizona's" large pavilion theatre, situated on the Burnett lot, rear of postoffice, will comfortably seat a thousand people, which justifies the exceedingly low admission price of thirty-five cents for adults and twenty cents for children.

It is probable that a large audience will attend tonight to witness that famous melodrama.

The Cristine Giles Co.

The concert at the Tabernacle Tuesday night under the auspices of the Lyceum course was all that the most exacting could have desired.

The following comments were heard among the audience as they passed out: "The best thing of the season;" "The best thing that's been in Gainesville in ten years;" "Miss Lewis is the best reader I ever heard;" "Mr. Bachelder is certainly an artist in the use of the flute and piccolo—his solos were grand;" "Miss Giles reminds me of Melba."

Every member of this company is a star. Each one completely captured the audience. Miss Giles was already a favorite with the audience. She increased her popularity. The other two members were unknown quantities, but they got their share of glory. Each is unexcelled in his or her line.

Electric Theatre.

The vivid description of the San Francisco fire and earthquake, finely illustrated by views taken at the time, as given by John Ennor at the Electric Theatre was so highly appreciated by the large audience present that at times the silence amounted to a depth where you could distinguish a louder breath taken usual. Mr. Ennor is one adopted to the field he is now in and his long experience in

For the remainder of the week every night will see him at the Electric Theatre, but with a far different program each night.

NEW OFFICERS ELECTED.

Library Association Have Interesting Meeting Tuesday Evening.

At the rooms of the association in the Graham building, on last Tuesday evening, the Gainesville Library Association held their annual meeting and elected a new set of officers who will preside over the association for the coming year.

Mrs. F. D. Warner was elected president, Mrs. W. L. Hill vice-president, and Mrs. W. J. Denby secretary-treasurer.

The association have recently purchased twenty more new books and added them to the circulating department. They consist of the latest and best fiction and will prove very valuable to members.

At this meeting it was decided to vote Mrs. E. K. Foster an honored life membership, she having been one of the founders and one who has done a great deal toward the association reaching its present high standing.

The association is doing much good in the city in the way of furnishing good and interesting reading among its members, and more should avail themselves of the opportunities offered and join at the earliest convenience.

ANOTHER SUPPLY HOUSE BEING TALKED

HOME CAPITAL WANT TO START SUCH MOVEMENT HERE.

This Would in No Way Interfere With Gigantic Enterprise Now Proposed.

Besides the large farmers' warehouses that has been spoken of in The Sun as one of the coming possibilities for Gainesville, there is still another scheme on foot to establish a house on a smaller scale, to be taken principally by local capital.

J. E. Futch, a gentleman who has had large experience in this class of work, is one among a number that would like to engage in such an enterprise, and he has looked the field over for the past two years with the intention of establishing such a business.

He feels confident that it could be made a paying proposition from the very start and says that he has already been promised outside capital to open this line of business.

Numerous Gainesville people have also spoken to the reporter in reference to such a business and many have signified their willingness to take part in a concern of this kind.

Even if the second company should acquire it would in no way interfere with the business of the large concern that has the money and sufficient capital to operate both the supply house and ginners, and on the other hand it would prove a help to those in a business way as it would cause many more farmers to come to the city who would otherwise never get in an appearance.

The people generally are anxious to see something like this started, and will hail with delight any opportunity that would further advance the material interests of Gainesville.

IN MUSICAL CIRCLES.

Jacksonville Spring Festival Society
Event—Reduced Railroad Rates.

With the New York Symphony Orchestra, or Damrosch Orchestra, four artists of international fame will make their first appearance in Jacksonville. These singers, Corinne Kelsey, soprano, Nevada Van de Vort, contralto, Reed Miller, tenor, and Gustaf Holmquist, bass, are appearing with Walter Damrosch in all performances of the famous orchestra this season. Most critics far and wide have recorded the artistic accomplishments and brilliant career of these singers. The phrase "tremendous success" is used by The Cleveland (Ohio) Plain-Dealer in describing the vocal talents of Mr. Reed Miller. His technique facility seems almost superhuman. He tosses off whole pages of sixteenth and thirty-second notes with remarkable ease and breadth of voice. And what is more, he sang with such fervor that his innumerable recitatives had the power of melody. How many world famous can do that?

This should be a splendid indication of the talent engaged by the Jacksonville Choral Society and should serve to make all readers of The Sun appreciate that the festival will be the greatest musical event ever contemplated in the State's metropolis.

The demand for tickets has assumed large proportions, and society all over the State evinces great interest in the event.

The railroads have consented to grant reduced railroad rates to Jacksonville and will do all in their power to assist our people to spend an enjoyable two days in Jacksonville.

All applications for tickets should be accompanied by funds—\$5 for the round-trip—addressed Mr. T. T. Elmore, Jacksonville, Florida.

FOR CITY MARSHAL.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,
CHAS. C. WARREN.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.
CHAS. M. DELL.

FOR TAX ASSESSOR.

To the Voters of the City of Gainesville:

I respectfully announce myself a candidate for City Tax Assessor for the year 1909. Having been Tax Assessor for four years, I am fully prepared to fill the office, as my record will show, the city assessment having been increased in that time from a little over \$600,000 to over \$1,000,000. I was prevented from running for this office last year on account of sickness, and now respectfully solicit your votes.
W. M. BRADFORD.

To the Voters of Gainesville:

I hereby announce that I am a candidate for re-election to the office of City Tax Assessor for the year 1909, in the election to be held on April 13th, and most earnestly request you all to give me your vote and support for the position.

Thanking you for your past endorsement, I remain, Yours very truly,

PAPUAN COIFFURES.

Heads in New Guinea That Look Like Rising Suns.

"One of the most interesting things that came under my observation was the odd manner in which the people wore their hair," said a physician, describing a visit to New Guinea and the leading traits and characteristics of the inhabitants, known as Papuans. "One type wore the hair standing up from the head at a length of seven inches or more. It was trimmed with wonderful regularity and with mathematical accuracy. The hair was greased with coconut oil and painted red. At a distance it looked like a rising sun."

Another type of the inhabitants who wear their hair in an unusual fashion was described.

"Starting from the forehead," he said, "the hair is brushed back over the scalp and hangs down to the waist. It is a perfect mass, an intricate jungle. I am sure it was never combed, and it was impossible to run the fingers through it. At a distance it looks like a cap with the visor turned downward."

"One other odd type of hairdressing—coiffure, if you will—was observed on this visit. The hair was gathered at the front and back, then brought together above the head, where it was inclosed in a basket-like cylinder. The end spread out about two inches. Apparently these caps are never removed from the head."—Baltimore Sun.

Playing Greenhorn.

"Why did you tell the manager of that employment agency that you had just come over?" said one servant girl to another. "You didn't, you know. You have had three situations in New York."

"I know that," said the girl. "I pretended to be green so she would try harder to get me a good place. At most of these agencies the managers have green girls on their conscience. The sharks in the business, of course, will fleece them, but the average manager is sympathetic and gets them easy places to start with. I'll have a snap where I am going. The woman thinks I have just arrived and that she will have to break me in. Breaking in means that she will do half the work, while I will just stand around and look on. It pays sometimes to be a greenhorn."—Philadelphia Ledger.

Wormology.

Should be studied by every parent. If your child is nervous, fretful, starts in it's sleep, is pasty faced, has rings under its eyes, always seems hungry, is not gaining weight, you can be sure the trouble is worms. White's Cream Vermifuge is an absolute cure for worms. Is it's own purgative. Sold by W. M. Johnson.

Learning English.

The essential difference between the signification of words and terms in the English tongue which are almost the same in etymology and origin is a great element of difficulty to a foreigner who is learning the language, a fact to which a certain attaché of a foreign mission at Washington recently testified.

When the budding diplomatist in question arrived at our national capital a year or two ago he soon capitulated to the charms of a young woman of the official set, and they speedily became the best of friends. A month or so ago the attaché returned to this country after a lengthy leave of absence passed in his own land. About the first thing he did on reaching Washington was to send a note to the lady of his admiration, wherein, to her astonishment and indignation, he gave expression to this sentiment:

"Once more, my dear friend, I shall gaze upon your unmatched eyes."—Harper's Magazine.

The Origin of the Periwig.

The periwig, which played so important a part in the toilet of a man of fashion during part of the seventeenth and eighteenth centuries, owed its origin to Louis XIV. of France. When a little boy (he succeeded to the throne at five years of age) he possessed a profusion of remarkably beautiful waving hair which fell in clustering curls over his shoulders. The courtiers imitated the boy king by having heads of false hair to imitate his natural locks, and when Louis grew up he adopted the periwig himself.

During the reign of William and Mary periwigs were worn in exaggerated dimensions, and the beaux used to comb their wigs in public with special combs of ivory and tortoise shell, which became at last quite indispensable to these fine gentlemen.

NEWS FROM ALL PARTS OF FLORIDA

Pensacola is now in the throes of a municipal election.

A Law and Order League is Key West's latest organization.

Bonding for hard surface roads is being urged in St. Johns county.

The Government has begun work on the deepening of Miami's harbor channel.

A New York syndicate is preparing to erect a new 150-room hotel at St. Petersburg.

Lakeland growers are now getting from 35 to 40 cents a quart for their strawberries.

Uncle Sam will pay \$7,500 for the site for St. Petersburg's new Government building.

Miami citizens want Uncle Sam to construct the new Government building of Miami stone.

The Brooklyn Nationals are now gathering at Jacksonville for their early season practice.

The Florida State League of Postmasters will hold the annual meeting in Jacksonville on April 16 and 17. All postmasters of the third and fourth class offices are expected to attend.

J. F. Pratt, a well-known Miami citizen, was arrested on a bigamy charge by a New York detective. His friends disbelieve his guilt and claim malicious prosecution to be at the bottom of it.

The fruit and vegetable growers of the Boynton section in Dade county have organized what is known as the Ameron Truck and Fruit Growers' Association and will begin shipments of tomatoes about the first of April.

Smith & Grier, contractors of West Palm Beach, have filed a lien in the sum of \$12,481.16 on the new West Palm Beach school, for which they were awarded a contract to build, and the trustees of that district, the owner of the property on which the building stands, as well as the Dade County Board of Public Instruction, are made parties to the suit. The trustees, it is said, declare the contractors have not made certain changes, while the contractors claim they have fulfilled their part of the contract.

SICK HEADACHE

Sour Stomach, Heartburn, Canker Sore Mouth Cured by Mi-o-na.

Sick headaches are caused by indigestion and a general disturbed condition of the stomach.

Cure the indigestion, and the headache, nausea, heartburn, sour stomach, and that "all in" feeling will vanish.

Mi-o-na tablets will cure indigestion or any other stomach trouble. They will relieve almost instantly. J. W. McCollum & Co. have so much faith in them that they will give your money back if they don't.

Mi-o-na cures by making the stomach strong enough to produce enough gastric juices to digest all the food you want to eat. It promptly puts new life and energy into the overworked and played-out walls of the stomach.

Use Mi-o-na for a week, and you can eat what you want any time you want it, and take pleasure in doing it.

Your blood will be richer, redder, purer after taking Mi-o-na, and it only costs 50 cents a large box.

"I was speedily cured of stomach complaint by Mi-o-na. Anything I can say in favor of Mi-o-na is not too strong."—William Hess, Benton Harbor, Mich.

THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill. — "I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured."—Mrs. ALVENA SPERLING, 11 Langdon Street, Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Keep your eye on the want ads. There may be something advertised which is of interest to you.

FORMATION OF NITRATES IN SOIL

By A. W. BLAIR

—Florida Agricultural Experiment Station—

Plants take up the greater portion of their nitrogen in the form of nitrates, which are fairly simple substances when compared with the humus from which they are so largely drawn. These nitrates are mostly elaborated in the soil, though sometimes they are supplied directly in the form of nitrate of soda or nitrate of potash. It is important that the farmer should appreciate this, since favorable soil conditions mean the formation of large quantities of nitrates; while unfavorable soil conditions mean not only a decreased production, but may even result in a loss of nitrogen.

How Nitrates Are Formed.

Nitrogen is found in the humus of the soil, and in the animal and vegetable materials used as fertilizers, but it exists in these as complex compounds which are not soluble, and therefore cannot be directly used by plants. These complex substances must be broken up into simpler ones, and the nitrogen must become a part of a compound that is soluble, in order that it may be taken up by plants. This is effected by microscopic organisms called bacteria. They seize upon the organic matter in the soil—dead roots, stems, leaves, grass, stubble, manure, cottonseed meal, dried blood, the remains of animals, etc.—and break it up into simpler compounds, somewhat as if it had passed through a fire. Carbon oxide is given off and ammonia and water are formed. This ammonia is in turn attacked by other bacteria and converted through an intermediate stage, into nitric acid, which unites with a base (if there are sufficient bases present) to form a nitrate. If lime, potash, soda, or magnesia are present, then there may be formed nitrate of lime (or calcium nitrate), sodium nitrate, potassium nitrate, and magnesium nitrate—all of which are soluble in water and can be taken up by plants. Nitrate of soda acts more quickly as a manure than sulphate of ammonia, because the former is taken up more or less directly by the plant, while the latter probably nearly always passes, by bacterial action, indirectly into the nitrate. That sulphate of ammonia is converted into a nitrate is proved by the fact that when it is applied to the soil, there is a rapid increase of nitrates.

Conditions Favoring the Formation of Nitrates.

The following are some of the conditions requisite to the formation of nitrates in the soil: (1) the nitrifying bacteria must be present in sufficient quantities; (2) the temperature must not be below about 41 degrees F. nor above 131 degrees F.—the most favorable warmth being about 98 or 99 F.; (3) sunlight must be absent; (4) a reasonable supply of moisture is required; (5) there must be free circulation of air; and (6) there must be a base present with which the nitric acid that is formed may unite. In the absence of a base, this nitric acid reacts injuriously on the bacteria.

Nitrates are formed rapidly in sandy loam soils that are well supplied with humus, if other conditions are favorable. They are formed more rapidly and in larger quantities within a few inches of the surface than at a greater depth. A sample of soil taken in a pineapple field just beneath the covering of dead leaves and trash, gave 6.26 parts per million of nitrogen as nitrates, while another sample taken from the same plot including the surface and to the depth of nine inches, gave 2.28 parts per million. Samples from the same field taken to the depth of 3 to 5 feet gave only about .34 parts per million of nitrates. This may help to explain the value of mulching. The mulch protects the surface layer from the intense light, but still allows a free circulation of air, and thus makes the conditions for bacterial development more favorable. The mulch also helps to retain the moisture and prevent sudden changes of temperature, and this favors the nitrifying organisms.

The mild winter climate which Florida has, is favorable to the formation of nitrates; but the open sandy soil, and heavy summer rains are likely to bring about their loss through leaching. The loss is not so great, however, if there is a crop growing on the land during the rainy season.

S.S.S. HEALS OLD SORES

Before any sore can heal, the cause which produces it must be removed. As long as the blood, from which our systems receive their necessary nourishment and strength, remains impure and contaminated with disease germs, any old sore on the body will remain open, and resist every effort made to heal it. The nerves and tissues of the flesh around the places are continually fed with unhealthy matter and nature is simply disposing of the poison by draining it from the system through the sore. The only cure for an old sore is a thorough cleansing of the blood, entirely ridding the system of the cause. S. S. S. heals old sores by removing every particle of impurity from the circulation. It goes down to the very bottom of the trouble and so completely cleanses the circulation that there is no longer any impurity to drain through the sore, but the place is once more nourished with rich, healthful blood. S. S. S. heals the sore from the bottom, the place soon fills in with healthy, firm flesh, the tenderness leaves, all discharge ceases, the skin regains its natural color and when S. S. S. has thoroughly cleansed and purified the blood the place is permanently healed. Book on Sores and Ulcers and any medical advice free to all who write.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

THE DAILY SUN,
GAINESVILLE, FLA.

The health of Gainesville and Alachua county was never better than at present.

All experienced business men know that advertising pays. Therefore be wise as the wisest and advertise in the Sun.

The shower of rain yesterday not only helped the growing crops, but laid the dust on the streets, thus being doubly welcome.

Those country people who can, but do not supply Gainesville with poultry, eggs and butter have not the keenest eye for business.

Put more oats, corn and velvet beans in your land and less cotton, is the cry everywhere; and we hope our better friends will hear and heed it.

It is not the fault of The Sun that every postoffice in the county is not represented in its columns by a correspondent. We are only too glad to get the news if it is furnished us.

Nothing, improvement of residences and store houses, and the coming in of new business and professional men, induces to evidence the attractiveness of Gainesville and the activity of her citizens.

Visitors from the North are making the usual mistake of returning home simply because of a few warm days during the past week. It's dollars to doughnuts that most of them will run into a blizzard.

Pensacola people are happy over the action of the Secretary of the Navy regarding the order closing the navy yards at that place. It would have been unjust to the Deep Water City had the yards been closed. There is no other point on the Gulf Coast so admirably situated for the location of the navy yards.

The Pensacola News is urging the election of Dr. Murphree, president of the State College for Woman at Tallahassee, to the presidency of the State University. Dr. Murphree has demonstrated his ability to do things, and would receive a hearty welcome by our people. From what we know, however, the people of Tallahassee would strenuously object to giving him up.

Gainesville abounds with shade trees, shrubbery and flowers. The grounds attached to the dwellings and public buildings are large and beautifully adorned; the streets are wide and the free circulation very pleasant. Those voting against the sale of liquor to intoxicated person is seldom seen on the streets, and there is no more moral atmosphere in the world in which to live.

Four old man Wilk Call, for eighteen years United States Senator from Florida, has filed a petition with the Senate protesting against the seating of Senator Fletcher. He claims that Fletcher's appointment by Governor Gilchrist is null and void because the latter is not lawfully the Governor of Florida, and that he (Call) would have been elected Senator instead of Fletcher, or had the people been given an opportunity to vote for him. We are indeed sorry for Mr. Call, once the idol of his people. He acts as one who has lost his mind.

STATE SUNDAY SCHOOL CONVENTION.

The Florida State Sunday School Convention will convene at Tampa March 22-23, the sessions being held in the First Baptist church of that city. Entertainment of delegates will consist of lodging and breakfast, and arrangements have been made to procure dinner and supper near the church at reasonable rates. Mr. G. E. Mabry, Tampa, is chairman of committee on entertainment, to whom all communications relative thereto should be addressed.

Transportation account of this occasion over all the railroads of the State has been secured at a rate of one and one-half fare, plus fifty cents. This rate is based on the certificate plan, and those availing themselves of it will purchase full fare ticket at starting point and get from selling agent receipt therefor entitling purchaser to reduction on return passage. Tickets on sale March 22-23, final limit March 26.

Speakers of national reputation will be present representing the National Sunday School Association, prominent among them being Hugh Cork, Chicago.

Every Sunday school in the State of Florida is requested and expected to be represented.

CURRENT COMMENT.

The Chicago Record Herald says: "People whose principal business it is to keep business unsettled will have comparatively easy work until after the adoption of a new tariff schedule, and in the meantime they can have a fine chance to think up new schemes for the promotion of unrest to be put into operation when all the old dodges have been disposed of."

The Washington Herald says: "We have said before, and we say it again, the public is with Dr. Wiley, heart and soul, in his pure food fight—with him because he is waging his warfare in behalf of the consumer against the unworthy manufacturers. Champions of the consumer are few and far between in this country, more's the pity; and it is no wonder 'Old Borax' has had the crowd with him, despite the stumbling blocks and the embarrassment thrown in his way. The fight for absolutely pure food in this country has not ended yet, and it will not end short of complete victory. Like the fight for civic purity, it is destined to be a long one and bitterly contested by the embattled hosts of greed and hypocrisy. But it will win out ultimately; never fear for that!"

The Philadelphia Record says: "George Washington was first inaugurated on April 30, 1789; his second inauguration took place on March 4, 1793. His first term, therefore, was only three years, ten months and four days. The constitution makes the President's term four years, and the first President was clearly cheated out of one month and twenty-six days of what ex-President Roosevelt called a bully time. But in Washington's time they did not mind a few days more or less, and quibbling over the letter of the constitution had not yet become fashionable. It is true that there is no way of returning to the first practice, and inaugurating Presidents at a time more seasonable for open-air functions, without adding to the term of Taft or one of his successors the one month and twenty-six days that were cut off Washington's first term; and only a constitutional amendment will permit this."

Foundation for the Deaf and Blind School at St. Augustine have been laid and the work of laying brick commenced Monday. A large force of men are at work on the building and same will be pushed to completion.

Adding human beings to making the worst slaves of the southern United States suffragists. Wanting to do so or a person to the prime minister, English and knowing that he would not receive it by ordinary methods, they lay upon the idea of sending one of their number to his address by letter postpaid. But, alas, the "best laid schemes" of women. Like those of "males and men going all right," and the servants at the house refused to receive the "letters." While one cannot but admire the ingenuity and perseverance of the suffragists, it is difficult to see how they can advance their cause by such tactics.

Lady Cook, who thinks she has heard the "Macedonian cry" to come over and help the woman suffragists of this country, was, years ago, better known as Tennie Chaffin, the associate of Victoria Woodhull in the woman's rights movement. Lady Cook seems to have nothing but contempt for "mere man," judging from her opinion of English public men, not one of whom she declares is worthy to receive her vote. She also says that she would not even vote for King Edward if his office were elective, which, fortunately for him, it is not. Perhaps Lady Cook has never been presented at court.

For a mild, easy action of the bowels, a single dose of Doan's Regulets is enough. Treatment cures habitual constipation. 25 cents a box. Ask your druggist for them.

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and constant congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, War-wick's Cave, and Lake Newman, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

THOUGHTS IN DREAMS

Startling Rapidity With Which the Mind Works in Sleep.

SOME STRANGE EXPERIENCES

The Events of a Whole Lifetime May Fit Past the Dreamer in a Few Moments—Queer Results of a Dream Experiment by a Noted Psychologist.

A characteristic of dreams which, as the rather materialistic Dr. Clarke says, "hints at a life that has neither beginning nor end and is bounded by no limits which human thoughts can compass" is the rapidity with which events happen in the dream world. Thus, when asleep and dreaming, we live an entire lifetime in a minute; in a space of time that is scarcely more than a second we pass through experiences that could not be duplicated in this objective sphere in hours, perhaps in years.

Count Lavalette relates that one night, when imprisoned and under sentence of death, he dreamed that he stood for five hours at a Paris street corner, where he witnessed a continuous succession of harrowing scenes of blood, every one of which wrought his soul to the highest pitch of excitement. When he woke he found that he had been asleep less than two minutes.

In a more recent experiment, made expressly to test the truth of these theories, the subject was aroused from sleep by a few drops of water being sprinkled upon his forehead. It took but an instant to accomplish this result, and yet in that inculcably brief space of time the man dreamed of going on an excursion; of an accident by which he was plunged into a lake, and during the long struggle to escape death that followed all the experiences of his life seemed to flash before him, just as they are said to appear to a person who is actually drowning.

Dreams are tricksters. Professor Titchener of Cornell university told with gusto of his experience. As a specialist in psychology he interested himself in dreams. Like a true scientist, he once set about gathering data. He wanted to know what caused dreams, where they came from, what they meant, and all that. He determined to watch himself when he slept and to awake himself at once when he found himself dreaming something of value. So, with a notebook on a writing table near his bed, he forced himself to waken for several nights and to write down, while the dream impressions were vivid, his remembrances of the details and by a study of the room, the bed and his physical condition to attempt to arrive at the possible causes of his dreams.

He was getting on famously. One night he had a particularly vivid dream. In accordance with his practice, he forced himself to awake and immediately write down clearly everything about it, then went back to sleep again. The next morning he arose and was astounded to see that his note sheet was blank. He remembered positively the notes he had set down thereon in the middle of the preceding night. The next night again he wrote down his notes after his dreams, only to have the same uncanny sensation the next morning at finding nothing recorded.

The strange circumstances set him to wondering. That night he impressed upon his mind before dropping off into slumber that he must awaken with his first dream, or, if not with that, with his second dream. Subsequently this strong antedreaming command delivered to himself was present all through his dream consciousness. When the first scenes of a vivid dream came before his fancy he felt himself awaken, and he set about writing down the facts upon the pad at his table.

It was then that from some source of inner consciousness he felt the command again to awake, although he seemed at the time to be in full possession of his normal faculties. His eyes opened, and the secret was out. He found himself lying in bed, where he had been all that night. His rising after each dream had become so much a routine that he had dreamed that he had arisen and had made the notes, and his dream was so clear that it seemed reality.—Outing Magazine.

Pat's Deficiencies.
Mrs. McCarthy's husband went out in a boat alone. The boat overturned, and he was drowned. A friend met her some weeks later.
"I hear," said he, "that Pat left you very well off—that he left you \$20,000."
"True," said Mrs. McCarthy; "he did."
"How was that?" asked her friend. "Pat could not read or write, could he?"
"No," said Mrs. McCarthy, "nor swim."—New York Press.

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

What Travelers Leave.

"Of the thousand and eight things left at hotels from time to time," remarked the hotel clerk, "razor strops have the other commodities pushed across the border in point of numbers. About 10 per cent of the people who have razor strops in their grips leave them behind. Of course the reason is that the strop is hanging up on a nail out of sight somewhere when the man packs up, and he doesn't think about it. His comb and brush are right on the dresser before him, and that's easy."

"Next to razor strops, though not hustling the strops for position, come the nighties of both genders. A good many send back after them, but a lot more people who leave them behind just abandon them. After so long we give them to charitable institutions. Then there are toothbrushes, slippers, combs, curling irons, soap boxes, clothesbrushes and a list of other things left behind longer than an expense account every month. People are just that forgetful."—New York Press.

Told It in Rhyme.

The late Rev. John Skinner, author of "Annals of Scottish Episcopacy," was first appointed to a charge in Montrose, whence he was removed to Banff, and ultimately to Forfar. After he had left Montrose it reached his ears that an ill natured insinuation was circulating there that he had been induced to leave this town by the temptation of a better income and of fat pork, which, it would appear, was plentiful in the locality of his new incumbency. Indignant at such an aspersion, he wrote a letter, directed to his maligners, vindicating himself sharply from it, which he showed to his grandfather, John Skinner of Langside, for his approval. The old gentleman objected to it as too lengthy and proposed the following pithy substitute:

Had Skinner been of carnal mind,
As strangely ye suppose,
Or had he even been fond of swine
He'd ne'er have left Montrose.

Golf in High Altitudes.

It is strange how many golfers there are who fail to appreciate the great effect the density of atmosphere has on the flight of a golf ball. On a still, misty day the ball flies about five yards to ten yards less than it does on a frosty day, when the air is keener and more rarefied, and it is always stated—whether truly or not is unknown—that in an east wind the ball flies farther than it does when the wind blows from the opposite and more acceptable quarter. The writer was fortunate, or unfortunate, enough to play many rounds a few years ago on the Johannesburg links in South Africa. These links are situated some 6,000 feet above sea level, and the air is wonderfully rarefied. The ball consequently flew the most surprising distance. As proof of this the winner of a driving competition sent a ball a carry of 228 yards, the second player returning the modest distance of 223 yards. Yet neither of these two players could approach the driving capabilities of good amateur golfers.—Country Life.

The Yorkshireman.

There is a characteristic glimpse of Yorkshire "downrightness" in the published reminiscences of an English clergyman:

At my institution to Upham a retired colonial bishop, about to take an English benefice, said: "Well, you and I have worked both in north and south. In what points do you consider that they differ?" "Oh, my lord," I answered, "I can soon tell you that. If a Yorkshireman thinks you a fool he comes and tells you so to your face. Down here they go and tell somebody else." "You have exactly hit it," said the bishop. "The difference could not be better described."

Yorkshire regard for the pocket the aforesaid clergyman illustrates in this anecdote:

A groom being asked how long he lived in the south replied, "Twenty years." "What! Have you, a Yorkshireman, lived twenty years down here and not made your fortune?" "Eh," answered the man, "but measther were Yorkshire too."

Nothing Funny About It.

Scene—A druggist's shop in a small Scotch village, which, as usual with druggists' shops similarly situated, is the general emporium for all sorts of merchandise. Cycling tourist enters and purchases a cigar, after lighting which he attempts to draw the proprietor into conversation, but the latter seems reticent.

The tourist, after passing some remarks on the weather, asked, "Don't you feel trade dull at times in this little village, chemist?"

"Oh, well," replied the druggist, "I canna complain. But, excuse me, maister, I dinna alloo smokin' in my shop."

"Indeed?" said the tourist. "That is strange. You sell tobacco and cigars and still don't permit smoking in your shop. It is really rather funny."

"Ou, man," was the reply, "there's naething funny about it. I sell arsenic, but I dinna alloo ye to commit suicide in my shop!"

A DELIGHTFUL TEA.

Mesdames Rolfs and Scott Entertain Wednesday Afternoon.

Mrs. P. H. Rolfs and Mrs. J. M. Scott gave a delightful tea yesterday afternoon at the home of the former. The house was beautifully decorated with dog wood blossoms, honeysuckle and ferns, and the occasion was highly enjoyed by all present.

After social conversation the guests were invited into the library, where a novel guessing contest was engaged in. The leaves from numerous different kinds of trees were displayed, and the one guessing the greatest number of different varieties of the trees from which the leaves came was awarded a dainty pin cushion. Mrs. E. C. McLeod was the winner of this prize, while Mrs. Hochstrasse won the booby.

Dainty refreshments were then served.

One of those rare plants known as the orchid was in full bloom in the conservatory, and it was greatly admired by the guests, some of whom had never seen one before.

Mesdames Rolfs and Scott proved themselves adepts at entertaining, and their guests of yesterday hope to have the pleasure of partaking of their hospitality again soon.

DIFFERENT SESSIONS.

Health Institute Will Have Three Sessions While Here.

There will be three sessions held at the Health Institute which is to convene in this city on the eighteenth of this month, and the ladies in charge of the affair desire the hearty co-operation of everyone in the city to make it a success.

It is to be arranged so that one of these sessions will probably be devoted exclusively to the colored people, while the other two will be for the white people.

Everywhere these institutes have been held they have already worked wonders, much good has been derived from the meetings, and with the hearty support of all churches, organizations and the public generally the day set apart for Gainesville will doubtless be a glorious success in the crusade against tuberculosis.

The ladies especially desire that as many of the citizens in the towns and country as possible attend, and take part in making this affair all that could be desired.

J. J. Haymans of Lochloosa is in the city looking after his extensive property interests and also paying a short visit to his family.

Ten cents for a dollar exhibition. That is what you get at the Electric Theatre with the moving pictures and John Ennor in his illustrated travel talks.

Mrs. E. C. Chitty of Micanopy was among the visitors to the city yesterday. She was accompanied by her daughter, Miss Belle, and they spent the day as the guests of Mrs. J. Fletcher Hill.

Strayed—One small, light-yellow cow, about 5 years old, unmarked; short crumple horn; left Trenton, Fla., late Sunday afternoon, March 7, 1909. For reward write to W. F. Love, Trenton, Fla.

We offer the choicest accommodations, food and service and are glad to extend commercial rates to our patrons in the city and vicinity, viz: Single elegant rooms, \$2.50 per day; luxurious rooms with private bath, \$3.00; single meals, 75c; superior table board, \$8.00 per week. Brown House.

Mrs. Elizabeth Smith will leave today for Orange Park, where she will spend several weeks before proceeding to her Western home. The many friends of this estimable lady regret that her health has not been the best during past few weeks and trust that the same may soon be entirely restored.

Wanted—Two more good hustling young men to join a large crew of money-makers as salesmen for Chicago Portrait Co. Will work South Florida for few months, then go North for the summer. Experience not necessary, but must come well-recommended, willing to work and ready to start at once. A fine chance for the right men. Call at the Witherspoon House and ask for G. I. Smith.

For HEADACHE—Hicks' CAPUDINE.

Whether from colds, heat, stomach or nervous troubles, Capudine will relieve you. It's liquid—pleasant to take—acts immediately. Try it. 10c, 25c and 50c at all drug stores.

GAINESVILLE, FLORIDA, THURSDAY, MARCH 11, 1909

ONE DOLLAR A YEAR

SOME SAVING MUST BE DONE IN EXPENSES

Government Disbursements Continue to Exceed Receipts—"Lame Ducks" Being Taken Care of.

WASHINGTON, March 10.—The United States Government is retrenching, spending \$100,000,000 more this year than it is taking in, some shaving must be done.

The "retrenchment" policy went into effect March 1. The charwomen that clean the big, white marble building just southeast of the Capitol, known as the House office building and occupied by the members of Congress and their secretaries, were the first to suffer. Previous to March 1 fifteen women were assigned to each floor, working from 5 to 8 o'clock in the evening. When retrenchment was decided upon the hours of the charwomen were lengthened from 4 to 9 o'clock, and the force of workers reduced from 15 to 8. The pay remains the same.

The retrenchment policy will not interfere, however, with the taking care of the "lame duck" brigade. "Lame duck" is the term given the member whose constituents indicated their desire that he return to private life by sending another to Congress to take his place.

Senator James A. Hemenway of Indiana has been authorized to continue his investigation of the Secret Service. He will get the full salary of a member of Congress while his inquiry is on, and it is said that it will take two or three years, and by the end of that time the scope of inquiry may have broadened out to such an extent his services will be required indefinitely.

Jesse Overstreet of Indiana, who was chairman of the House committee on postoffices and postroads, draws a place on the currency commission at \$7,500 a year. Mr. Overstreet is being retained on the ground that he is an expert on postal affairs, and that therefore his services will be valuable in connection with such phases of the work as may have to do with postal savings banks.

Last winter newspapers in many parts of the country printed column after column of "news" about Representative Overstreet. Parts of these articles are worth reprinting at this time, because they may aid the reader to draw conclusions as to why the leaders of the Republican party are taking care of Mr. Overstreet.

"He is said to have refused persistently," said The Chicago Journal, referring to Overstreet, "to give hearings to bills that in any way tend

to impair the big telegraph companies."

The Toledo (Ohio) News-Bee on April 1, 1908, said: "Congressman Jesse Overstreet of Indiana, chairman of the committee on postoffices and postroads, to which committee all bills pertaining to telegraphs, and the public ownership thereof, are referred, refuses persistently to give hearings to bills that in any way tend to threaten the abnormal ownership of the big telegraph companies. He is getting more and better results in Congress for the Western Union and Postal telegraph companies than an army of lobbyists could."

Overstreet was defeated for reelection because of his record in Congress, but his salary will go on without interruption.

The last official act of Vice-President Fairbanks was to name Henry M. Teller, Senator from Colorado until March 4, to serve on the commission to revise the penal code of the United States. This action was taken with the consent of the Senate. Senator Teller has had thirty-one years of service in the Senate, and his colleagues were not opposed to his being given a position that will keep him occupied.

Senator Fulton of Oregon, defeated by Governor Chamberlain, will be made a Federal district judge in Oregon, which is considered as nice a berth as being a Senator. It is possible that Senators Kittredge, Hansbrough, Ankeny and Long will be named either on the waterways commission or fisheries board.

Others of the "lame duck" class who are mentioned for places are Col. "Pete" Hepburn, on the Interstate Commerce Commission; J. Adam Bede of Minnesota, and James E. Watson and Charles B. Landis, both of whom hail from Mr. Overstreet's State.

It is being recalled that Col. Hepburn, who is slated for appointment to a commission the principal duty of which is to regulate railroads, has for years been charged by his opponents in Iowa with being the obedient servant of J. W. Blythe, general solicitor for the Burlington railroad. He has supported several measures, however, to which Blythe was reported antagonistic, and Col. Hepburn's friends declare he and the Burlington political leader have largely broken asunder.

BRYAN'S DAUGHTER OBTAINS DIVORCE

LINCOLN, Neb., March 9.—Ruth Leavitt, eldest daughter of William J. Bryan, was today granted a divorce from William Leavitt. She alleged non-support.

Mrs. Leavitt and her mother appeared in the court of Judge Conish and both alleged that Leavitt had not contributed to the support of his wife. There was no defense. Mrs. Leavitt was granted the custody of the two children.

MICANOPY NOTES.

MICANOPY, March 9.—Dr. I. W. Waddell and wife of McIntosh spent Sunday here as the guests of Mrs. J. B. Simonton. Dr. Waddell preached two sermons Sunday, 11 a. m. at the Presbyterian church and at 7:30 p. m. at the Baptist church. He is a fine preacher, and our people enjoy hearing him.

J. W. Chamberlin of Tacoma was in town this morning.

L. E. Wade of Rockland, Maine, is a guest of Dr. H. C. Crawford for a few weeks. He likes the climate of Florida.

J. B. Simonton was called to Atlanta, Ga., on important business for a few days.

Mrs. E. P. Guerrant of Ocala is visiting Mrs. L. H. Wills, Jr., for a few days, at her home near this place.

Mrs. W. C. Johnson has returned from a visit to friends in Jacksonville.

Mrs. O. E. Baynard is visiting friends in Jacksonville for a few days.

Miss E. G. Seemmes was in town yesterday.

Mrs. Ross of Ohio is visiting Mrs. W. C. Johnson.

Capt. D. C. Hart has gone to Jacksonville to spend a few days with his daughter, Mrs. Lottie Norwood.

W. R. Carter and family of Bartow are visiting Capt. J. W. Carter.

We are glad to hear that Miss Susie Smith will soon be out, after being confined several days with an attack of fever.

There is talk of a crate and basket factory being built here at an early date. We hope the parties will go ahead and build, as this is a good field for such an enterprise.

Bulst Chitty has returned home after completing his business course in Jacksonville.

Mrs. Richardson of Atlanta, Ga., is stopping at the Tusculwilla Hotel for a few weeks.

The game of baseball between the Gainesville and Micanopy juniors did not materialize last Saturday. The sports here were disappointed.

R. M. Chamberlin of Tacoma went to Miami yesterday as a delegate to the K. of P. convention.

Several new telephones have been installed here this month—one at the residence of W. W. Coleman, one at W. S. Williams', and J. B. Simonton has run a line to his farm at Lake Simonton. They have all connected with the Southern Bell exchange here.

The invitations to the marriage of Mrs. Sue Dillard Feaster of this place to Mr. Ethau Allen Hixon of Lake City, on the 18th of March, are out. Mrs. Feaster's friends here wish her all the happiness possible, but they certainly hate to have her leave Micanopy. We extend congratulations in advance.

Mr. Godwin of Fairfield is in town today.

Mrs. G. T. Jarrell of Clyatt is in town this morning.

Realty Transfers.

Probably no other city in the State can show up in the real estate line to compare with Gainesville. Since Monday there have been thirteen changes in real estate, the greater part of them being in Gainesville proper.

THIRTY LEFT DEAD IN THE PATH OF TORNADO

Nearly Every Building in Arkansas Town Thrown Down and Hundreds Made Homeless.

BRINKLEY, Ark., March 10.—Thirty or more lives were snuffed out, sixty people were injured and property estimated to be worth \$1,000,000 was destroyed as a result of the tornado which wrecked this little city last night. Of the known dead fourteen are white people, as follows:

Isaac Reed, Mrs. Isaac Reed, Russell Reed, Raymond Reed, Porter Foote, J. L. Starrett, Harry Stovall, Jr., Mrs. Ethel Phillips, Mrs. Belle Darden, two children of Mrs. Darden, Charles Frenze, A. M. Hood, and an unidentified man.

Among the more seriously injured are:

O. K. Dowdle, side and ankle crushed; Mrs. E. H. Mason, arm broken and seriously bruised; Daniel Cummings, injured about head; Robert Alexander, badly bruised; Mrs. Claude Leakey, cut about body; D. V. Donnelly, wounded about head; John E. Waddell of Memphis, cut about head; Miss Clara Rose, seriously injured; Thomas Rose, badly bruised; Arthur Rose, crushed by timbers; Miss Daisy Rose, seriously bruised; Mrs. J. E. Morelock, both limbs broken; Mrs. John Smith, bruised about head and chest; Edward Livingston, hip and back injured; J. A. Stewart, bruised and crushed.

The remainder of the dead and seriously injured are negro residents.

Destruction in Tornado's Path.

The tornado hovered about the city only a few minutes but its work of destruction was complete. The Roman Catholic church, standing directly in the path of the storm alone escaped damage or destruction and stands tonight a grim sentinel on a scene of desolation. Main street and

Cypress avenue, two principal thoroughfares of the town, are now impassable and piled high with wreckage from end to end.

Every business house is in ruins and there is hardly a home that has not at least suffered the loss of a roof or wing. The Arlington Hotel was totally demolished. Eighty guests were registered there, but all escaped uninjured. The Brinkley Hotel, Southern Hotel and Kelley Hotel were all destroyed without loss of life.

Relief squads have been at work all day caring for the dead and injured. The Rock Island and Cotton Belt Railways have placed cars at the disposal of the relief committee and many people are leaving Brinkley, seeking a temporary refuge at other points nearby. The dead were sent to Helena from which point interment will take place.

Hundreds Are Homeless.

Gov. Donoghay arrived from Little Rock this afternoon in response to a call from the citizens' committee. He has the situation well in hand and says food, clothing and shelter are the things most needed. Hundreds of people are homeless and are wandering about seeking a temporary abode. Three special trains arrived from neighboring towns yesterday bringing relief workers, physicians and nurses. The Catholic church has been converted into a hospital and here the doctors and nurses are caring for the injured. The citizens of Helena have generously offered the use of their homes for the destitute.

Mass meetings have been called for today in Memphis, Little Rock and other cities to raise funds and supplies for the storm victims.

H. McL. Grady's Store Robbed at High Springs

HIGH SPRINGS, March 10.—A bold and successful robbery was perpetrated in High Springs Monday night, when the dry goods store of H. McL. Grady was entered and goods to the value of nearly \$600 stolen. The principal loss was in men's clothing, shoes and hats. The entrance was effected through a window in the rear by cutting out the panes of glass. The only clue found as yet is a pair of the stolen trousers found near the cleaning establishment of a colored man named Porter. He has been placed under arrest.

Last night Mr. Grady received a telegram from the sheriff of Suwannee county saying that he had captured three men at Live Oak who had some of the stolen goods in their possession.

Mrs. G. W. Easterlin and Mrs. P. P. Wood left yesterday to attend the meeting of the Grand Lodge Knights of Pythias in Miami.

A. E. Summers, whose serious ill-

ness is causing his friends much alarm, is reported some better today.

Rev. G. W. Thompson is still confined to his bed. Much sympathy is felt for him in his long illness.

P. C. Summers of Birmingham, Ala., arrived in town yesterday, summoned to the bedside of his brother, A. E. Summers.

The entertainment at the High School auditorium last Friday evening for the benefit of the piano fund was a complete success. The play by the school girls and boys was creditably presented, as was other numbers by the talent of the school. They were assisted by several ladies with musical numbers, both instrumental and vocal, also a humorous reading by Mrs. J. C. Cowles, and a violin solo by H. B. Fay, both of which were very good.

Dissolution of Copartnership.

The firm of the Gainesville Foundry & Machine Works was this day dissolved by mutual consent, W. B. Durst having purchased the interest of A. M. Larsen. All bills due said firm are payable to W. B. Durst, who assumes all liabilities of the same.

Very Destructive Fire Visited Orange City

DELAND, March 10.—Fire late yesterday afternoon destroyed eight buildings in Orange City. The blaze started from a kerosene oil stove in the kitchen of the Hill residence and soon spread to the drug store adjoining, destroying the residence and store, then jumping across the street to the city hall, which together with the Sperry House, occupied by Miss Massie, were destroyed. The adjoining store building was also burned.

News reached this city of the fire and the DeLand firemen, in an automobile filled with hose, started on the six-mile journey to Orange City, making the trip in record time of 9 minutes, getting to work in time to check the angry flames at the Library building, thus saving the remainder of the business district.

The Brewster and Tucker buildings

were burned and the loss will probably reach \$30,000, with about \$10,000 insurance.

The fire started a great deal of excitement, both in Orange City and DeLand, many citizens of this place driving over to Orange City to witness the fire. The DeLand firemen deserve a great deal of credit for their hard work at the fire.

Card of Thanks.

We desire to express our heartfelt thanks to the many friends who so kindly assisted us during the recent illness and death of our son, Archie. We appreciate your kindness and feel that we are due you a debt of gratitude that will be hard to repay.

THREE LOADS SHOT FIRED AT WILLIAMS

WHOLE TROUBLE AROSE OVER
KILLING OF CHICKEN.

Case Has Been Set for Hearing Today
Before Justice Carlisle—Many
Witnesses to Be Heard.

From Tuesday's Daily Sun:

Shot three times with small bird shot, over a chicken, is the plight of an aged darkey, Aaron Williams, residing a few miles west of the city.

The shooting was done by a great big black negro, Davie Walker, who could have easily picked the old man up and broke him in two instead of firing the shots, which are very painful and will prove a hardship on the old man.

Williams is a hard-working old farmer, and in some way one of Walker's chickens got over to his place and was killed, and when Walker went over to see after the matter, Williams offered to pay for the fowl, but Walker rather aggravated the affair and wanting to be more "Jesse" than otherwise, would not listen to the old man. He went to his home, procured his gun and went after Williams, shooting him first in the face in his field. Williams started on the run, and as he was climbing a fence Walker again put two more loads of shot into him.

Walker has been arrested for the offense and the case set for this morning before Justice Carlisle.

Case Was Postponed.

From Wednesday's Daily:

Owing to the serious illness of Aaron Williams, the aged negro who was shot by Davie Walker on Monday, he was unable to appear in court Tuesday, and Justice Carlisle postponed the case until the negro sufficiently recovers to be present to testify in the case. His wounds developed more serious than was at first anticipated, and he was compelled to take to his bed.

Death of Aged Lady.

From Sunday's Daily Sun:

Mrs. S. A. Turner, an aged lady who resided north of the city, near the old rectifying plant, died Saturday at her home. She was in her 75th year and came to this city about a year ago from Live Oak.

NEGRO SHOTS AT OFFICER ON SUNDAY

THADDIUS HAGUE WAS DEPUTIZED
TO ARREST FRED MACK.

Negro Now in Dangerous Condition
and He May Die from His
Wounds.

From Tuesday's Daily Sun:

Thaddius Hague, a young white man of Hague station, Sunday shot and mortally wounded a negro by the name of Fred Mack, who he was endeavoring to arrest upon a charge of carrying concealed weapons.

It had been reported that Mack was carrying a pistol and a warrant was sworn out and placed in the young man's hands to make the arrest. He had approached the negro and informed him of his business when the negro stepped off a few paces and took a shot at Hague before he was aware that the negro was armed.

Young Hague in return pulled his pistol and shot the negro down, the ball entering to the left of his nose and ranging downward.

Shortly after the shooting Dr. Bishop of Alachua was called and dressed the wound, but was unable to locate the ball, which penetrated the negro's tongue and he is now reported in a serious condition.

Besides the negro shooting at the officer, it is understood that he stoutly resisted arrest, but in case of his death all this will come out at the inquest.

Condition is Still Serious.

From Wednesday's Daily Sun:

Sam Mack, the negro shot at Hague on Sunday while a deputy sheriff was attempting to arrest him, is reported in a very serious condition. Passengers from that station yesterday stated that there was very little chance of the negro recovering.

A Delightful Event.

A large number of young folks were entertained at the home of Mr. and Mrs. J. B. Brooks, East Union street, Monday afternoon, the occasion being the celebration of the fifth birthday of Little Miss Inez Brooks.

The little folks enjoyed themselves immensely as only an assemblage on such occasions can, and were reluctant when the hour arrived for departure. Delicious refreshments were served.

APPOINTMENTS AN- NOUNCED BY G. A. R.

HEADQUARTERS OF DIVISION
NOW LOCATED HERE.

Next Annual Reunion of Body Will
Be Held in This City,
February, 1910.

At the recent meeting of the Grand Army of the Republic at St. Petersburg it was voted to hold the next annual encampment in Gainesville, which will occur during February, 1910.

There are twenty-one posts in the State, embracing every section, and as a majority of the posts have a large membership, many are expected to be in attendance at the reunion here.

At the St. Petersburg reunion Alachua county was honored by having one of her citizens, James Skinner of Archer, elected Commander of the Florida Department for the current year. Dr. F. P. Bullock of this city is Assistant Adjutant-General of the State Department. These gentlemen have issued the following announcement, designated as General Orders No. 1:

"Headquarters Dept. of Fla., G. A. R.

"Gainesville, Fla., March 1, 1909.

"1. With gratitude to my comrades of the Department of Florida, for the expression of trust conferred upon me in my election as Department Commander of Florida, Grand Army of the Republic, at the Twenty-sixth Annual Encampment, held at St. Petersburg, February 17, 1909, I hereby assume command, asking for the undivided support of my comrades in the department.

"2. The headquarters of the department are established at Gainesville, Florida.

"3. The following staff appointments are hereby announced:

"F. Prescott Bullock, Post 25, Gainesville, Assistant Adjutant-General, and Assistant Quarter-Master General.

"Henry Marcotte, Post 11, St. Augustine, Department Inspector.

"John Scheurer, Post 3, Key West, Judge Advocate.

"Byron W. McLin, Post 29, Dade City, Chief Mustering Officer.

"Jno. P. Porter, Post 31, Interlachen, Senior Aid-de-Camp. They will be obeyed and respected accordingly.

"By order

"JAMES SKINNER,

"Department Commander.

"F. PRESCOTT BULLOCK,

"Assistant Adjutant-General."

ZETROUVER'S SUICIDE WAS PREMEDITATED

WAS DISSATISFIED OVER TRIVIAL
MATTER OF HORSE TRADE.

He Had Been Victim of Fittified Dog,
Which Caused His
Peculiarities.

From Tuesday's Daily Sun:

Information received from one of the relatives of young Marion Zetrouver of Rochelle shows that his act was premeditated in killing himself on last Friday afternoon.

His story of the affair was about as published except that which led up to the self-killing, which, in part, follows:

He had a young horse which he was very much attached to, but for some reason the animal had been traded off for one more serviceable and when the animal was brought home he raised a great protest, declaring that it should not be fed, but his older brother paid no attention to his whims and fed the animal after having a few words with him about it. His parents learning of the occurrence, went out to investigate and Marion took his departure for the house, when he secured the gun and two shells and went into an adjoining field and committed the deed. His brother, Jake, was the first to reach him after the shooting, but he was dead upon his arrival, the second shot having tore off the top of his head.

Marion, some time since, had been bitten by a "fittified" dog, and since that time the least excitement would cause him to have some peculiar "spell." Nothing was thought of the occurrence about the horse, however, until the report of the gun was heard, which revealed the fact that the suicide was premeditated.

UPSHAW—BEVERLY.

Gainesville friends of the contracting parties will be interested in the following, which appears in Saturday's issue of The Atlanta Journal: "An interesting marriage announcement has just been made. It is that of the marriage of Miss Marguerite Beverly of Thomasville to William D. Uphaw, the evangelist and orator, which is to take place at the home of the bride-to-be, on May 5th.

"Miss Beverly is the daughter of Mr. and Mrs. Edward Beverly of Thomasville, Ga. She is a devoted church worker and is possessed of brilliant traits, both intellectually and personally.

"Mr. Uphaw is well-known in church work all over the State of Georgia, and, in fact, throughout the entire South. He is editor of The Golden Age and it is through this paper that some of his best writings have been given to the public, and they have been the source of help in his church work in many cases.

"Mr. Uphaw has worked as zealously for educational work as he has for church work. He has made campaign after campaign for Mercer University, Bessie Tift College and the several colleges in Texas."

GLEASON—SMITH.

There was a quiet marriage ceremony at the residence of J. F. Bunch on Sunday afternoon, when Mr. G. A. Gleason and Miss Arretha Smith, both of Rocky Point, were united in holy bonds, the genial Justice J. A. Carlisle performing the ceremony.

The marriage will come as quite a surprise to the many friends of the couple, for while it was rumored that such was possible, no one had any idea of the affair being so soon.

Both are well-known in this section. Mr. Gleason has been a successful planter of Rocky Point for many seasons, while the bride is the sister of Mr. Thad. Davis.

The couple have the heartiest wishes of their numerous friends throughout this section.

C. A. dePolx of New York, who has been at the Sanitarium during the winter, continues to improve and has decided to remain for some time yet.

Mrs. C. C. Hudson of Jacksonville is a patient under the care of Dr. Hodges. She expects to be able to return to her home within the next few days.

William Calhoun, who has been quite ill, is now able to be up, and hopes are entertained that he will improve rapidly.

A Religious Author's Statement.

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy. J. W. McCollum & Co.

Praise Gainesville.

A party of Pennsylvania people who spent several weeks here recently, writing from their home state that in all their travels over the State they were more favorably impressed with Gainesville than any other section, and were delighted with their trip to Wauburg Lake, near Micanopy. They are telling their friends and a larger number will show up next year. Those in the party were J. D. Strunk, Frank Collier and Frank Herb.

NEGRO VOTERS NOMI- NATE CITY TICKET

LEAVE ALDERMEN OFF FOR LAT-
ER MEETING OF CLUB.

About One Hundred of Colored Race
Assembled at Johnson's Hall
for Purpose.

From Wednesday's Daily Sun:

About one hundred negro voters assembled at Johnson's Hall on Monday night for the purpose of nominating a ticket to be voted for at the coming municipal election.

The meeting was called to order and the original "Bill" Nelson was selected as chairman and Columbus Berry was made secretary of the meeting, whereupon they settled down to the business of nominating the ticket to be voted on at the election in April.

Of course there has always been two factions among the colored people, and sometimes even more, but those present are pledged to support the following names:

Judge Horatio Davis, Mayor.
B. T. Arnaw, Marshal.
J. Maxey Dell, Clerk and Treasurer.
T. B. Ellis, Collector.
B. R. Colson, Tax Assessor.

There is still another crowd to be heard from, with S. B. Willis and Ed Martin as the principals, but it is not yet known just who this faction will support, while there is always a great many "stragglers" among them.

The solid negro vote always carries with it some weight, but since the days of the great Republican leaders the vote has never been solid, and it has generally been the case that the candidate who "puts up the most" wins out among this class.

One thing is sure, the negro voter will be buttonholed very closely for the next several days owing to the election, but there is little interest being taken in the matter outside of the marshalship, as there is so far but little opposition for the other offices.

Card of Thanks.

Editor Sun:—Please allow me space in your paper to sincerely thank the good people of my neighborhood and surrounding neighborhoods for their kindness to me since my great loss by fire on the 26th of last December. Every building on my farm was burned and all their contents. I was financially ruined. Since that date I have been placed back in a comfortable home by numerous friends. God only knows what I would have done had it not been for friends.

I am sure that I am living among as good a people as the world affords. I owe them a life-long debt of gratitude. Sincerely thanking everyone who assisted me I am,

Sincerely and gratefully,
H. S. BREEDEN.

WORK COMMENCES ON BUILDING.

Foundation for New Stables Will Be
Commenced This Morning.

From Wednesday's Daily:

The large new addition, which will form the new home of Davis & Oliver's stables, will be commenced this morning by the contractor, W. A. McNally, who will have charge of the concrete foundation and pillars for the large building.

As soon as the foundation is finished the brick-layers will commence the

brick work for the second story over the rear of the present building.

Material is now arriving daily and they expect to experience no delay in getting in a sufficient supply to rush the building to completion at an early date.

NEGRO BRUTE RAPES YOUNG GIRL OF TEN

PAID HER TO KEEP QUIET AND
NOT TELL OF DEED.

Mother of Girl Later Learned and Had
Warrant Issued Before Justice
Sealey of Alachua.

From Wednesday's Daily Sun:

Ready Jackson, a little negro girl of ten years, was raped by Robert Scott, a negro man, near Alachua one day the latter part of last week, but it was not until Monday that the mother knew of her child's condition.

Ready had accompanied the man in the woods at her mother's command to get some wood, so the girl declares, and it was while they were out that he accomplished his purpose.

She states that he kept his hand over her mouth all during the time, so she could not make an outcry, and after he had succeeded in his purpose he bought her off with money and a threat that she was not to tell anyone. On the first of the week, however, the mother of the child discovered her ailment and she at once had a warrant sworn out for the man and he was tried before Justice H. C. Sealey and committed to jail without bail to await the action of the circuit court.

The negro is a man of about 22 years of age and is an extra-large negro. He was born and raised near Alachua.

Pleased With East Coast.

WILCOX, March 9.—D. T. Trammell, an old and prominent citizen and merchant of Wilcox, has just returned from a three-weeks' visit to his daughter, Mrs. W. E. Bryan, of Miami. He also went to Knights Key.

Mr. Trammell says that in all of his travels in Florida and various other States, Miami surpasses any other place of its size for business. He says that almost everything is different to what it is in this part of Florida. He is very desirous of moving to the East Coast, which he expects to do in the near future.

Foundation for the Deaf and Blind School at St. Augustine have been laid and the work of laying brick commenced Monday. A large force of men are at work on the building and same will be pushed to completion.

Standard Oil Company Draws First Blood

CHICAGO, March 9.—Government attorneys in the retrial of the Standard Oil Company of Indiana for alleged acceptance of rebates from the Chicago and Alton railroad on shipments of oil from Whiting to East St. Louis, Ill., were told yesterday by Judge Anderson that unless they introduced further proof sustaining their contention that the oil company accepted a rebate from the Chicago and Alton railroad they might as well cease their efforts to convict.

Judge Anderson, after considerable argument from both sides, admitted tentatively tariff No. 1203 of the Chicago tariff sheet. Before admitting the documents in this way the court spoke of the "fatal discrepancy" in parts of the indictment against the Standard Oil Company.

"If the Government can furnish no further proof," said he, "in support of its contentions than the tariff sheets already introduced, it may as well stop."

Wife Burned to Death; Husband Is Behind Bars

STATESBORO, Ga., March 8.—News of the terrible fate which befell Mrs. Joe Wood, who resided near Rocky Ford, this county, Saturday, has reached here. While bathing her children in front of an open fire-place Mrs. Wood's clothing caught fire. She ran into the yard, where the wind fanned the flames, and was burned to death.

The occurrence is one of the most pathetic in the history of Bulloch

county. Joe Wood, the husband of the unfortunate woman, is in jail pending trial for his life. He was once convicted and sentenced to life imprisonment, but was granted a new trial. He is the father of several small children, the oldest of whom is but seven.

Wood was taken from the jail to his home yesterday by officers and broke down at the horrible sight. He will be taken today to the funeral of his wife.

Father's Suicide Quickly Follows That of Son

FRANKLIN, Ga., March 8.—Following the tragic death of his son, R. F. Ridley, Jr., who blew out his brains only a few days ago, R. F. Ridley, Sr., one of the most prominent men of this county, committed suicide yesterday in a field near his home, about two miles from this place. He first shot himself and then cut his throat.

Both suicides are wrapped in mys-

tery, as it is stated that absolutely no reason is known why Ridley and his son should have taken their lives. The elder Ridley was one of the largest planters in this section and was generally respected, while his son, who was only 23 years of age, was very popular.

The father is survived by his wife and four children, two daughters and two sons.

NO SURPRISE SPRUNG IN PIANO CONTEST

CATHERINE HAILE GOT LARGEST
VOTE WEDNESDAY.

Miss Dorian Ellis Now Leads Miss
Bessie Dupree by 31,940 Votes,
But Lookout.

Nothing of unusual interest occurred in the piano contest yesterday. Miss Ellis gained some 20,000 votes on Miss Dupree, but "wise ones" say the latter and her campaign manager, Miss Addie Goode, are simply "playing" with the other candidates, and that during the next few days they will swamp the whole bunch with a perfect avalanche of votes. This is not the first time rumors of a similar nature have been in circulation, however, and the other contestants are working hard to win. Following is the vote:

Miss Dorian Ellis, city.....	1,199,485
Miss Bessie Dupree, city.....	1,167,645
Miss Catherine Haile, city.....	994,055
Miss Florrie Strickland.....	486,110

Private information has been received from the contractors of the new Government building and within a short while work will commence on this handsome new structure, which will be three stories with basement.

The superintendent of construction is expected most any day to commence the work, and as was stated in the original report, work will be commenced somewhere near the 15th inst.

OBITUARY.

EVINSTON, Fla., March 9.—Died—On March 4th, 1909, Mrs. Jennie A.

Are Drugs Necessary? Do Drugs Cure Disease? Can Nature be Assisted?

If people were born right and afterwards lived right, there would be no use for medicine. Every doctor knows this. So do other well-informed people.

One thing more. When a person lives wrongly, or acquires bodily weakness by heredity, medicine can do only very little. Medicine cannot cure him. Only charlatans claim that medicines will cure disease. Medicines may palliate symptoms. Medicines may urge the powers of Nature to resist disease. Medicines sometimes arouse the efforts of the human body to right itself against derangements. This is the most that medicine can do.

A man accidentally puts his finger in the fire. Instinctively he wets his finger in his mouth, then blows on it for the cooling effect. This is no cure. He knows it very well. But it makes it feel better for the time being.

People eat unwisely. This produces dyspepsia or indigestion. The only rational cure is to eat correctly. Yet if a palliative is at hand the pains of indigestion can be mitigated, the throes of dyspepsia assuaged. The medicine cannot be said to have cured. It simply palliates disagreeable symptoms. The cure must come through right living.

Take Peruna, for instance. No one claims Peruna is a cure for dyspepsia. But Peruna will stimulate the stomach to perform its function properly. Peruna will increase the flow of digestive fluids, without which digestion cannot be carried on at all. It will increase the relish of food, the appetite.

It is admitted that all this can be accomplished by right living, but there are so many people who either will not or do not know how to eat correctly that a tremendous amount of good can be done by the wise use of Peruna.

A stomach that has been frequently abused performs the function of digestion very lazily. Such a stomach allows the food to remain undigested for some time after it is swallowed. This leads to fermentation of the food. Sour stomach is the result. This goes on week after week, until the blood is poisoned with the products of fermentation. This condition is very apt to produce rheumatism.

It is not claimed that Peruna will cure rheumatism. Nothing will cure rheumatism but correct living. But it is claimed that Peruna will assist a badly abused stomach to perform its work.

If a person would correct his habits, persist in right eating and temperate ways, undoubtedly the stomach would right itself, the blood would rid itself of the poison, and everything would be right. But as said before there are a multitude of people who will not or cannot adopt right methods of living. To such people Peruna is a boon. A dose before meals will assist the stomach to do its work. This prevents fermentation of the food, brings about normal digestion, and all the train of ills that follow indigestion disappear.

In other words, Peruna is helpful to those who live badly, or those who have acquired some chronic weakness. Peruna does not cure, but it assists the powers of Nature to bring about a cure. The whip does not increase the power of the horse to pull a load, but judiciously used it stimulates the horse to use his powers at the right time, without which he could not have pulled the load.

This illustrates the effect of Peruna, or any other good remedy upon the system. Taken at the right time, it calls forth the powers of the human system to meet the encroachments of disease, and thus cuts short, if not entirely ends, the diseased action.

No one should ever attempt to substitute medicine in the place of right living. In the end such an attempt will prove a disaster. But an occasional use of the right medicine at the right time is a godsend, and no reasonable person will undertake to deny it.

Those who know how to use Peruna find it of untold value. By and by the world will get wise enough so that through correct living no medicine at all will be needed. But that time has not arrived. In the meantime, while the world is approaching that perfection in which all medicine will be eliminated, Peruna is a handy remedy to have in the house.

Slight derangements of the stomach, slight catarrhal attacks of the liver, the throat, bronchial tubes, lungs or bowels; these attacks are sure to lead to grave diseases, and can be averted by the judicious use of Peruna.

Wouldn't you like to read a few unsolicited testimonials from people who have used Peruna, and who stand ready to confirm the above statements concerning it. If so, address the Peruna Drug Manufacturing Co., Columbus, Ohio, and we will send some prepaid.

Barron, daughter of H. M. and Eliza Fee Killian of York county, S. C.

Mrs. Barron was born Dec. 7th, 1842. Received her education at Ebenezer Academy, and Yorkville Female College. She was noted while a girl for helping the soldiers' wives and delivering coffee and dainties to the sick and wounded soldiers passing through Rock Hill, S. C. She was married to J. F. Barron, Company B, Sixth South Carolina Volunteers, who was home wounded on Sept. 8, 1864. She has always been active in giving relief to the sick and distressed and preparing the dead for burial. She was a consistent member of the Presbyterian Church for fifty-one years.

Mrs. Barron was buried beside her son and daughter in Shady Grove cemetery, near Evinston. Rev. Wadell performed the funeral ceremony.

COMING
REGULAR.....

DR. E. H. ARMSTRONG

Eye

Specialist

The well-known and established Specialist of Jacksonville will make regular professional visits to Gainesville every sixty days. The Doctor's home office, No. 9 Laura St., will always be left in charge of an Assistant, an able Specialist.

Dr. Armstrong has been a practitioner for sixteen years and a graduate of three of the leading Optical Colleges of America, and some years ago was an under-study of one of our leading Southern Oculists. Dr. Armstrong has made a grand and most brilliant success in his profession and is proprietor and owner of the finest and leading Optical Institute in the South, located at Jacksonville. The Doctor makes professional visits to nine of the best towns in the State every sixty days and has perfected many and most wonderful cures in complicated eye trouble and all forms of reflex trouble, such as headaches, nervousness, stomach trouble, in fact any nervous reflex trouble which he overcomes without drugs or operation, also the straightening of cross-eyes without the knife. He can be seen personally in next month, April 13. Office will be at the Brown House—one day only. A visit will be made every sixty days.

The health of Gainesville and Alachua county was never better than at present.

Both candidates for President of the State Senate are ardent advocates of prohibition.

If your subscription to The Sun has expired we would appreciate a prompt renewal.

If you wish to vote in the city election on April 13th you must pay your poll tax on or before Saturday, March 13th.

The State Fair at Tampa closed Saturday night. The attendance was very satisfactory and the fair a success generally.

The shower of rain yesterday not only helped the growing crops, but laid the dust on the streets, thus being doubly welcome.

Those country people who can, but do not supply Gainesville with poultry, eggs and butter have not the keenest eye for business.

The quest for happiness is never successful until one gets away from himself and seeks to help his fellows by loving service.

Put more oats, corn and velvet beans to your land and less cotton, is the cry everywhere; and we hope our farmer friends will hear and heed it.

It is not the fault of The Sun that every postoffice in the county is not represented in its columns by a correspondent. We are only too glad to give the news if it is furnished us.

The Florida Pine Company gets the State convicts for four years, notwithstanding the protests of some of the unsuccessful bidders who contend that the company is a foreign corporation.

Building, improvement of residences and store houses, and the coming in of new business and professional men, continue to evidence the attractiveness of Gainesville and the activity of her citizens.

Visitors from the North are making the usual mistake of returning home simply because of a few warm days during the past week. It's dollars and doughnuts that most of them will run into a blizzard.

One great lack in our American life is reverence. Greater reverence for God, for the home and for law would mean a speedy decrease in crime and a corresponding increase in morals, domestic bliss and good order.

At a meeting of the State Pardoning Board held at Tallahassee on March 4th four applications for pardon were granted conditionally, three denied, and several other applications postponed for further consideration. In each case where pardon was granted the action of the board was warranted.

THE USES OF WIREGRASS.

Bradford county is one of the few sections of Florida where the wild land is thickly covered with wiregrass. This grass grows all over the State, but it is only on stiff, clammy loam, underlaid with clay, where the growth is heavy enough to allow it to be cut with a mower. This grass is not propagated from seeds but from root stalks, and where it is once exterminated it does not reappear again. While young and tender it furnishes good grazing. In the western part of the county, since the great storm in 1896, it is fast giving place to the valueless broomsage to the deterioration of the pasturage. In the eastern part the wiregrass still holds its own.

Since the depletion of the large herds of cattle that roamed here in the past, a new use for the grass has been found and it is universally used for the mulching of strawberry beds. Many men contract to cut grass for this purpose and when it is spread over the beds it preserves the moisture so essential to the strawberry plant, keeps the soil at an equal temperature day and night and keeps the berries clean. The sandy particles in the soil are very fine and light and are whipped up by the pelting rain drops, covering the lower parts of all plants, but when the soil has a covering of this grass the force of the rain is broken and the berries are cleansed instead of being covered with dirt. On account of scarcity of wiregrass elsewhere very few berries are mulched outside of Bradford county, and for that reason do not look so clean and bright as our berries when they arrive in the market and do not bring such good prices. Furthermore, the mulching keeps the ground cool and this gives the berries a firm texture, allowing them to stand shipment well.

A proof of the natural fertility of our soils is that where the wiregrass has been cut year after year for mulching it does not deteriorate but keeps growing with the same vigor. Since the grass has proved of so much value it is being better protected from fire than formerly.—Starke Telegraph.

STATE SUNDAY SCHOOL CONVENTION.

The Florida State Sunday School Convention will convene at Tampa March 23-25, the sessions being held in the First Baptist church of that city.

Entertainment of delegates will consist of lodging and breakfast, and arrangements have been made to procure dinner and supper near the church at reasonable rates. Mr. G. E. Mabry, Tampa, is chairman of committee on entertainment, to whom all communications relative thereto should be addressed.

Transportation account of this occasion over all the railroads of the State has been secured at a rate of one and one-half fare, plus fifty cents. This rate is based on the certificate plan, and those availing themselves of it will purchase full fare ticket at starting point and get from selling agent receipt therefor entitling purchaser to reduction on return passage. Tickets on sale March 22-23, final limit March 26.

Speakers of national reputation will be present representing the National Sunday School Association, prominent among them being Hugh Cork, Chicago.

Every Sunday school in the State of Florida is requested and expected to be represented.

Everyone rejoices or should rejoice at every advance made in the condition of the working classes. The progress they have made in recent years is largely due to the wise conservatism and high character of most of their leaders. But sometimes a man gains leadership and power among them only to further his own selfish ends. Unscrupulously and to the injury of the very people whose interests he is supposed to serve, he does not hesitate to recklessly order strikes and other acts that he may financially profit thereby. Of such a character seems to be the man who in Chicago has been indicted for alleged blackmail and extortion.

The Pensacola News is urging the election of Dr. Murphree, president of the State College for Woman at Tallahassee, to the presidency of the State University. Dr. Murphree has demonstrated his ability to do things, and would receive a hearty welcome by our people. From what we know, however, the people of Tallahassee would strenuously object to giving him up.

One Doctor—Only One

No sense in running from one doctor to another! Select the best one, then stand by him. No sense either in trying this thing, that thing, for your cough. Carefully, deliberately select the best cough medicine, then take it. Stick to it. Ask your doctor about Ayer's Cherry Pectoral for throat and lung troubles. Sold for nearly seventy years. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

Why try this thing, that thing, for your constipation? Why not stick to the good old reliable family laxative—Ayer's Pills? Ask your doctor if he approves this advice.

CURRENT COMMENT.

The Chicago Record Herald says: "People whose principal business it is to keep business unsettled will have comparatively easy work until after the adoption of a new tariff schedule, and in the meantime they can have a fine chance to think up new schemes for the promotion of unrest to be put into operation when all the old dodges have been disposed of."

The Washington Herald says: "We have said before, and we say it again, the public is with Dr. Wiley, heart and soul, in his pure food fight—with him because he is waging his warfare in behalf of the consumer against the unworthy manufacturers. Champions of the consumer are few and far between in this country, more's the pity; and it is no wonder 'Old Borax' has had the crowd with him, despite the stumbling blocks and the embarrassment thrown in his way. The fight for absolutely pure food in this country has not ended yet, and it will not end short of complete victory. Like the fight for civic purity, it is destined to be a long one and bitterly contested by the embattled hosts of greed and hypocrisy. But it will win out ultimately; never fear for that!"

The Philadelphia Record says: "George Washington was first inaugurated on April 30, 1789; his second inauguration took place on March 4, 1793. His first term, therefore, was only three years, ten months and four days. The constitution makes the President's term four years, and the first President was clearly cheated out of one month and twenty-six days of what ex-President Roosevelt called a bully time. But in Washington's time they did not mind a few days more or less, and quibbling over the letter of the constitution had not yet become fashionable. It is true that there is no way of returning to the first practice, and inaugurating Presidents at a time more seasonable for open-air functions, without adding to the term of Taft or one of his successors the one month and twenty-six days that were cut off Washington's first term; and only a constitutional amendment will permit this."

The idea of making all sorts of paper from the pulp of Florida pine trees is not a dream of The Gainesville Sun. It is a reality. The senior of The Herald was in Gainesville last Wednesday and he saw the paper. There were a dozen or more kinds of it—linen, bond, book, ordinary letter, antique finish and others—various tints, weights and grades, and all of it was and is as good as any paper made from any other material. Mr. C. W. Chase is at the head of the scheme with ample capital and Mr. B. F. Williamson, his capable manager, is now established in Gainesville and is perfecting plans for building a great factory there. Mr. Williamson says that the pine forests which his enterprise will consume will be replaced as fast as his big mill can use the timber and thus the supply of material will be kept up indefinitely. Arrangements are being made to print an edition of The Gainesville Sun on this fine paper.—Punta Gorda Herald.

The Florida School Exponent has changed hands, Professor Murphree having sold the same to Miss Hattie H. Carpenter of Miami, who is now editor and publisher of that excellent educational journal, and it will hereafter be printed at Miami. Editors Murphree, Yocum and Bucholz have done much to keep The Exponent up to the high standard attained under the editorship of Professor T. F. McBeath, and the press fraternity generally regret their retirement. It is safe to say, however, that the paper will lose none of its prestige under its new editor. Miss Carpenter is well equipped for the undertaking she has assumed and The Sun bespeaks for her the aid and patronage of every teacher in the State. They need just such an educational journal as she will give them if they give her the proper encouragement.

The most beautiful thing about a mother is the unselfishness and self-sacrifice that she constantly shows from the very moment she brings her little child into the world. For the sake of her children and as the outflow of her love she is ever ready to deny herself, to dispense with what would give her satisfaction, and to make sacrifices innumerable. These qualities which glorify motherhood should awaken such love and gratitude on the part of the children that they will ever seek to lighten her toll and fill her days with gladness by their thoughtful tenderness, reverence and help.

Poor old man Wilk Call, for eighteen years United States Senator from Florida, has filed a petition with the Senate protesting against the seating of Senator Fletcher. He claims that Fletcher's appointment by Governor Gilchrist is null and void because the latter is not lawfully the Governor of Florida, and that he (Call) would have been elected Senator instead of Fletcher had the people been given an opportunity to vote for him. We are indeed sorry for Mr. Call, once the idol of his people. He acts as one who has lost his mind.

With smokeless powder, guns that give no report when fired and smokeless and funnel-less warships war will put on a new aspect. It has always been a dreadful thing, but these new features will add to its horror and give it an uncanniness it formerly lacked. It is enough to give one the shivers to think of being shot at by a man whose gun emits no noise or smoke and whose whereabouts is therefore unknown. And then to think of steamships searching for their foe and not betraying their presence by smoke.

Gainesville abounds with shade trees, shrubbery and flowers. The grounds attached to the dwellings and public buildings are large and beautifully adorned; the streets are wide and the free circulation very pleasant. Since voting against the sale of liquor an intoxicated person is seldom seen on the streets, and there is no more moral atmosphere in the world in which to live.

Cuba will make a great blunder if it establishes a national lottery such as it proposes doing. The lottery business in this country was an octopus that ruined hosts of people whom it got into its clutches, and it took the determined work of our Government for many years to be rid of it. Cuba is poor but a lottery would impoverish it.

IN THE SPANISH-AMERICAN WAR

During the Spanish-American War, many of our soldiers suffered severely from cramp in the stomach and bowels, due in most cases to the change of climate and the water they were obliged to drink.

Mr. Geo. A. Lake, of Dennison, Tex., gives an interesting account of how he came to the relief of some of the men in his regiment: "Just as I was starting for the war," says Mr. Lake, "Mr. Davis gave me a large bottle of Sloan's Liniment. I used it in our troop at Camp Mobrey for cramps and dysentery among the men. It took finely and lots of the boys of Troop L, First Texas Cavalry, U. S. V., will never forget the name of Sloan's Liniment. One case in particular was our bugler, Fred Ormsley; he was cramped until he could hardly stand it. I gave him a dose of Sloan's Liniment and in five minutes he was up and ready to go on with the troop."

Every druggist carries Sloan's Liniment in stock. You can get it in 25c, 50c or 75c sized bottles. It's a good thing to have in the house for rheumatism, toothache, sore throat, asthma and any pain or stiffness.

HEALTH INSTITUTE MARCH EIGHTEENTH

STATE MANAGER WIRES ABOVE
DATE OF MEETING HERE.

Session is Open to Both Races and
Will Prove Highly Beneficial
and Interesting.

The one-day session of the Health Institute which the ladies of the Twentieth Century Club have worked for, will be given in this city on Thursday, March 18.

This exhibition is to be given in the interest of the crusade against tuberculosis, besides a general interesting lesson along the line of health. It will prove of great interest to the public generally, and everyone should make a special endeavor to be here on this date.

The institute is held under the direction of the American Tuberculosis Exposition, and the Twentieth Century Club, having succeeded in selling a certain number of Red Cross stamps during the holidays, were entitled to have this exhibit come here for one day.

Both races are to attend the exhibition, which will doubtless be held in the Tabernacle.

CONFESSED NIGHT RIDER MAKES ESCAPE

UNION CITY, Tenn., March 8.—Hirschell Hogg, a confessed member of the band of "night riders" who murdered Capt. Quentin Rankin at Walnut Log, in October, escaped from jail at Dresden Saturday night and has not been recaptured. He is supposed to be in hiding in the lake regions. The military at Fort Regan has been notified and are instituting a vigorous search for the fugitive.

While Hogg was held a close prisoner by Sheriff C. A. Brasfield, he had recently been accorded the liberties of a "trusty" and it is now believed that he was implicated in an attack made on Sheriff Brasfield Saturday night by a negro prisoner with a razor in which the officer was severely wounded. That he furnished the weapon has been admitted by the negro, and Hogg, believing that he would again be thrown into close confinement, made his escape before the authorities took action in his case.

Levers

Of good health should prevent sickness instead of letting themselves get sick and then try to cure it. So long as you keep your liver, bowels and stomach in a healthy and active condition you won't get sick. Ballard's Herbine relieves constipation, inactive liver and all stomach and bowel troubles. Sold by W. M. Johnson.

If it's printed stationery you want, The Sun office is the place to get it.

COULD NOT CURE WEEPING ECZEMA

Disease Began over Ear and Spread
till Face and Neck were Raw—Itching,
Inflammation and Soreness
were Terrible—Lasted Over a
Year and All Treatments Failed

UNTIL CUTICURA AGAIN PROVED GREAT SUCCESS

"Eczema began over the top of my ear. It cracked and then began to spread. I had three different doctors and tried several things, but they did me no good. At last one side of my face and my neck clear up to my hair were raw. The water ran out of it so that I had to wear medicated cotton, and it was so inflamed and sore that I had to put a piece of cloth over my pillow to keep the water from it, and it would stain the cloth a sort of yellow. The eczema itched so that it seemed as though I could tear my face all to pieces. The disease began in the fall and I did everything for it until the next winter. Then I began to use the Cuticura Soap and Ointment, and it was not more than three months before it was all healed up. I still use the Cuticura Resolvent Pills once in a while to cleanse the blood. I am very thankful that I tried Cuticura, and I can recommend it to any one. Miss Ann Pearson, Northfield, Vt., Dec. 19, '07."

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases. Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

MOVEMENT TO CHANGE DATE INAUGURATION

WASHINGTON, March 8.—If Washington doesn't win its fight for a change in the date of the inauguration this time it will not be because a greater effort than ever was not made.

Repeated efforts have been made in the last twenty years to have an amendment added to the constitution that would permit a change in date. Each effort fell through because it was not long-winded enough. This time it is declared the fight will be carried on until the day of inauguration is changed. Right now everybody appears to be giving out interviews favoring the holding of the inauguration some time late in April or on May 4. Along about that time Washington is at its best, being one of the most beautiful cities in the country, if not in the world. If inauguration of the President could be delayed to May 4 the parade could take place in streets flooded with sunshine instead of ankle deep with slush, as on Thursday last.

Most members of Congress are so disgusted with March 4 as the date of the nation's biggest event that they may take action immediately after the special session convenes. Representative Joseph T. Robinson of Arkansas is now preparing a bill to introduce immediately after March 15 which will provide for a change in the inauguration date and the convening of Congress. The measure will of course provide for the submitting of the matter to the various States as well as action by Congress.

It is declared that in addition to those that have already died as a result of having contracted pneumonia on the day of Mr. Taft's inauguration, many prominent persons died as a result of exposure to inclement weather on previous inaugurations. After the inauguration of 1901 Senator Bate of Tennessee, Ambassador Aspiros of New Mexico, Judge Weldon, and others equally prominent, died of pneumonia.

A national organization was formed in 1901, with Commissioner H. B. F. MacFarland of the District of Columbia as its head, to inaugurate a systematic movement for a change of inauguration date. That organization included in its membership Admiral George Dewey, Gen. Nelson A. Miles, C. J. Bell, Frank A. Munsey, the magazine publisher, Justice John M. Harlan, and many other prominent citizens, including the Governors of the States and Territories.

A bill providing for the change passed the Senate twice, the House failing to agree. There were no worthy arguments presented against

the idea, it is asserted, the only objections coming from few members who thought it was not worth while, and a few more who thought that a change in the meeting time of Congress ought to be provided for also, and could not agree on a date.

In interviewing more than a score of Representatives and Senators on the subject since Mr. Taft's inauguration, the writer was unable to find a single member of Congress who was opposed to changing the date of the inaugurations.

"The sooner the date is changed the better," said James H. Griggs of Georgia. "I hope it will not be necessary to wait until some out-going or in-coming President is killed by pneumonia before the date is changed."

Senator Burton of Ohio said he had always advocated an amendment to the constitution which would make possible the inauguration of the President at a time "when we might be reasonably certain of fair weather."

Representative Howard of Georgia: "The constitution was originally intended for the protection of the people. Therefore the date of inauguration should be changed. If you can find anyone opposed to the change let's have his photograph and preserve it as a freak."

Representative John W. Weeks of Massachusetts: "The first inauguration I attended was in 1881, when Garfield was inaugurated. On that day as a naval cadet I marched through the streets of Washington which were thick with slush. Inaugurations invariably occur on stormy days. Mr. Cleveland delivered his second inaugural address on a stormy day."

Representative Pickett of Iowa: "I will support a bill providing for the changing of the lay of inaugurating our Presidents."

Representative David A. DeArmond of Missouri: "I would like to see a change in the date of the inauguration, but would not favor it unless it carried with it a change in the time for the meeting of Congress."

WOMAN BADLY WOUNDED.

CHARLOTTE, N. C., March 8.—While sweeping the floor of a room at her home three miles from Gastonia, N. C., yesterday Mrs. Eugene Ratchford swept a pistol cartridge into the fire-place. The cartridge exploded, the bullet entering the woman's right breast and inflicting a wound that will probably prove fatal.

Jennings' Man Loses Life By Falling Tree

JENNINGS, Fla., March 8.—S. K. Collins, who lived five miles south from this place, was killed by a falling tree. Fire which had been started purposely in the woods had been fanned into such brisk blazes by the rising wind that it was almost beyond control, and was threatening the farm buildings which stood just across the road from the woods on Mr. Collins' plantation, and his residence was threatened. He, with some neighbors, were busily engaged in fighting back the fire, and Mr. Collins, who was 76 years old, and hardly able to do work, was overcome with exertion and at

the same time so engrossed with the fire that when his wife, who was out with them, saw that a tree had burned off the stump and was about to fall on him, called out to him to get out of the way, he failed to heed, and was instantly killed by the tree when it fell.

Mr. Collins served in the Indian War and in the Civil War. He was a valiant soldier, and after the war he returned to his farm, on which by industry and thrift he was enabled not only to make a good living, but to lay by something for a rainy day. He was well-known in this county, and was loved and respected by all.

WOMAN SAT YOUNG BOY UPON RED HOT STOVE

NEW YORK, March 9.—Marjorie Miles, the housekeeper for William Johnson, a cabinet maker of Williamsburg, was held without bail to await the action of the grand jury, by Magistrate Higginbotham in Brooklyn, on a charge of having caused the

death of Johnson's 3-year-old boy, Arthur, by holding him on a hot stove.

The accused woman said in court that the child was unruly and she had threatened to set him on the stove, but had not intended to injure him.

Aeronaut Meets Death In the Pacific Ocean

SAN PEDRO, Cal., March 9.—While hundreds watched his frantic efforts to control a great balloon, which was swiftly bearing him 4,000 feet high out over the Pacific ocean, Lester Elkins, an amateur aeronaut, 20 years old, yesterday cut loose his parachute and dropped into the waters of the outer harbor to his death.

As the stiff wind carried him out to sea boatmen hastily left the inner harbor in launches to rescue him, but their efforts were useless.

As the huge bag arose it caromed and was carried rapidly out over the

water. Elkins tried desperately to guide it back over the land by swinging from the bar below, but soon the balloon was far out to sea. The parachute filled after he had fallen a short distance, but it was caught by the wind and carried still further out and fell in the ocean a mile beyond Deal Man's Island. Elkins came to California a few months ago from San Antonio, Tex., where his mother now lives. His body was not recovered.

SOCIAL LIFE AT MEL-ROSE-ON-THE-LAKE

MELROSE, March 9.—The Melrose school term ended March 5th, much to the regret of the patrons, who had hoped for at least another month. It is to be hoped that by next fall the disgraceful condition of the school house will have been attended to. The Misses Mack will again have charge of the school next term, much to the satisfaction of the patrons and scholars.

Cards have been received announcing the marriage of Miss Helen J. Bailey of Uniontown, Pa., to H. H. King on March 3rd. Miss Bailey will be pleasantly remembered here, having made many friends while in town last winter, who are hearty congratulations.

Messrs. Craig and Jackson have fitted a new three-blade propeller on the "Summa," enabling her to travel at much better speed.

A very jolly crowd of seventeen paid a surprise party to Mr. and Mrs. Hamlyn on Friday night, bringing with them fine refreshments of ice cream, cake and coffee; a very pleasant evening was spent at cards, etc.

A large and most appreciative audience assembled at the Ladies' Hall on Saturday night to enjoy the entertainment given by Mr. and Mrs. A. E. Pearsall of Westfield, N. J., who are spending the winter here. Mr. Pearsall is well-known all over the United States, having been the official entertainer of the New York Press Club for many years. Most good things seem to come to Melrose, but such a musical and elocutional treat has never come her way before. A large and varied program was rendered by the wonderful talented couple and it is difficult to say which was the best piece, as each was a masterpiece of its own, but special mention should be made of the unique and dramatic rendering of the "Charge of the Light Brigade." Mr. Pearsall carried his audience right into the fight with his marvelous power of feeling the character he personated. Another piece notable for its beauty was "Aux Indiennes," by Owen Meredith. Mrs. Pearsall's sweet singing was greatly enjoyed and her pathetic little ballad of "The Doll" was chef d'oeuvre. Master Alfred R. Waters gave a recitation and two songs in his usually happy manner, the hearty applause of the audience showing their appreciation.

The citizens of Melrose are certainly much indebted to Mr. and Mrs. Pearsall for their kindness in giving this entertainment—it was a rare treat.

Mr. and Mrs. Hamlyn gave another one of their enjoyable picnics on Monday.

HIGH-O-ME

That's the Way to Pronounce Hyomei, the Money-Back Catarrh Cure.

As doubt exists in the minds of many readers of The Sun let us say that the above is the proper pronunciation of America's most wonderful catarrh cure.

J. W. McCollum & Co. are the agents for Hyomei in Gainesville and they will sell you an inhaler, a bottle of Hyomei, and full instructions for use, for only \$1.00.

And if it fails to cure acute or chronic catarrh, asthma, bronchitis, croup, hay fever or coughs and colds, they will give you your money back. The person who suffers from catarrh after such an offer as that, must like to snuffle, spit and wheeze, and be generally disgusting.

Read what Mr. Lowe, a respected citizen of Allegan, Mich., says of Hyomei:

"I have used Hyomei for a case of nasal catarrh which had bothered me for a long time. I can say that Hyomei killed the germs of the disease and gave me the much sought and needed relief. From this experience I know Hyomei to be a reliable remedy, and I give it the praise and recommendation that it deserves."—G. F. Lowe, R. F. D. No. 7, Allegan, Mich., September 19, 1908.

CURED OF CHILLS AND FEVER AFTER ALL OTHER MEDICINES FAILED

Mrs. W. A. Whitwell, Emory, Tex., writes: "My child had chills and fever for four years. We tried all kinds of medicines, and finally an acquaintance of mine recommended Herbine. We used three bottles, and the child is now completely cured. You have my permission to publish this testimonial, as I cheerfully recommend Herbine to all mothers having children afflicted as mine."

GAINESVILLE TO HAVE BIG FARMERS' STORE

At last Gainesville has the chance to secure one of the most important enterprises it has long needed—an immense cotton ginners to be located somewhere in the city that will prove both accessible to railroads and people.

A West Florida man, realizing the importance of such an establishment in this place, has been here for the past several days endeavoring to obtain the necessary building for the opening up of the business.

What he wants is a large store building where he will be enabled to carry a general line which he proposes to furnish to the farmers on time, not only their eatables, but all classes of merchandise and farming supplies, taking his pay out of their products, principally cotton to be raised by them during the year.

It is understood that a suitable location has been secured for the erection of the ginners along the line of the Atlantic Coast Line in the Southern part of the city, but the party has been unable to secure a suitable building in which to operate his supply business.

He will put in what he terms a farmers' supply house, and will induce the farmers from all over the county to come here and do their trading in order that he will be better enabled

to have them bring their cotton here during the fall months.

Gainesville has never been an extra good cotton center, but with the men after the goods there is no reason why it should not be the leading cotton market of the State, for in most cases a large percentage of the cotton raised in this section is eventually taken through the hands of H. F. Dutton & Co. now doing business here. Of course they handle principally the lint, but the new concern that is desirous of establishing in Gainesville would make a market for all goods, both seed and lint, and would draw many thousands of dollars to the city annually that now goes elsewhere.

The gentleman from West Florida has the means to carry on the extensive business he proposes, and it would be a good thing for the city and merchants in particular.

The mere fact that he proposes to conduct a farmers' supply house would not compel those outside trading with him, and the merchants would reap a benefit from the cash that the new firm would pay out here for the seed cotton.

The directly interested party will return to the city within the next few days, when The Sun will be able to give more information as to just what the gentleman has done concerning the project.

Pensacola Navy Yard Will Not Be Closed

WASHINGTON, March 9.—The order of the Secretary of the Navy, given at the direction of President Roosevelt abolishing the navy yards at Pensacola, Fla., and New Orleans, La., was yesterday revoked by Secretary Meyer.

Secretary Meyer said that the Congressional delegations and others from Florida and Louisiana had made representations to him claiming that the original order was illegal and that while he had no doubt as to its legal-

ity the case had been put before the department in such a way as to offset a reconsideration of it.

The department intends to keep close watch of the conditions at these yards and a statement has been called for of the amount of work in progress and contemplated by them. It is not proposed, for the present, at least, to send any ships to those yards, the assignments already having been made.

DIGGING UP GRAVES TO GET BONES FOR TRAFFIC

SAVANNAH, Ga., March 8.—Just about to finish a contract for delivering 20,000 pounds of bones, Joe Marks, colored, was arrested by a patrolman Saturday evening.

The negro had in his pocket name plates from coffins, and when questioned said that he had been digging

up graves in the colored cemetery to get the bones.

He had taken a large contract and he calculated on being able to fill it fully last night if he had been unhindered. The fact that he had about completed the work was confided to the patrolman while standing near the patrol box.

One of the Essentials

of the happy homes of to-day is a vast fund of information as to the best methods of promoting health and happiness and right living and knowledge of the world's best products.

Products of actual excellence and reasonable claims truthfully presented and which have attained to world-wide acceptance through the approval of the Well-Informed of the World; not of individuals only, but of the many who have the happy faculty of selecting and obtaining the best the world affords.

One of the products of that class, of known component parts, an Ethical remedy, approved by physicians and commended by the Well-Informed of the World as a valuable and wholesome family laxative is the well-known Syrup of Figs and Elixir of Senna. To get its beneficial effects always buy the genuine, manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, sickly. Burdock Blood Bitters makes the blood rich, red, pure—restores perfect health.

Mrs. Elizabeth Smith will leave today for Orange Park, where she will spend several weeks before proceeding to her Western home. The many friends of this estimable lady regret that her health has not been the best during past few weeks and trust that the same may soon be entirely restored.

Sale of Seed Cotton.

Editor Sun: I have noticed the continued debate on the sale of seed cotton to be allowed only in certain months of the year.

I can see where this is an advantage to the small planter as well as the large one, or especially the poor mothers and children.

It is a known fact that as soon as a few men gather a few pounds of cotton it is sold, and the money spent in various ways, some times for the welfare of the family, but quite often it is not. Now let our laws protect mothers and children.

EAST ENDER.

FORSYTHE—THOMAS.

Pretty Church Wedding Solemnized Wednesday Afternoon.

A lovely church wedding was solemnized at the First Presbyterian church Wednesday afternoon at 5 o'clock, when Mr. James Adger Forsythe of Brevard, N. C., and Miss Alice Thomas of this city were united in the holy bonds of matrimony.

The church was beautifully decorated with palms, ferns, pot plants and dog wood, the altar being entirely embanked with lovely evergreens, presenting a beautiful appearance.

Long before the hour of the ceremony the ushers, Messrs. John Huddleston, Ralph Chapin, James Chesnut and Hubert Felkel, were kept busy seating the large number of friends of the contracting parties who had come to witness the marriage.

The flower girls were Lillian Clarke and Julia Patton, followed by the pillow bearers, Jessie Chesnut and Lillian Powell, carrying two handsome white satin pillows.

The maid of honor, Miss Leila Craig Bowers of Daytona, preceded the bride, who was accompanied by her father, Mr. M. B. Saunders. They were met at the altar by the groom and his best man, Mr. DeHope Sadler of Rock Hill, S. C., when the Rev. T. P. Hay performed the impressive ceremony which made them man and wife.

Mrs. James McKinstry, Jr., played the wedding march, assisted by Mrs. Alston McKinstry, while Prof. W. E. Woltz played the cornet softly during the wedding ceremony.

The bride was beautifully attired in a traveling suit of tulle grey with hat to match, and carried a large bouquet of white carnations, the groom wearing the conventional black.

Mr. Forsythe is no stranger among the citizens of Gainesville, having at one time made this city his home. He is now engaged in the hardware business at Brevard and has just recently had constructed a lovely home in that city for the reception of his bride.

Miss Thomas has been a resident of this city for a number of years, and by her pleasant manners has won a host of admiring friends, who reluctantly give her up. She had only recently graduated in music and was considered one of the most accomplished musicians of the city.

The happy pair left on the noon train for their future home in Brevard, N. C., and will stop en route at Charleston, where they will visit for a few days.

The presents received were numerous and expensive, consisting of cut glass, silver, linen goods, and many substantial checks were given in preference to presents from friends both in the city and out.

No invitations were issued in the city, but a general invitation was given for all to attend the ceremonies at the church.

NEW OFFICERS ELECTED.

Library Association Have Interesting Meeting Tuesday Evening.

At the rooms of the association in the Graham building, on last Tuesday evening, the Gainesville Library Association held their annual meeting and elected a new set of officers who will preside over the association for the coming year.

Mrs. F. D. Warner was elected president, Mrs. W. L. Hill vice-president, and Mrs. W. J. Denby secretary-treasurer.

The association have recently purchased twenty more new books and added them to the circulating department. They consist of the latest and best fiction and will prove very valuable to members.

At this meeting it was decided to vote Mrs. E. K. Foster an honored life membership, she having been one of the founders and one who has done a great deal toward the association reaching its present high standing.

The association is doing much good in the city in the way of furnishing good and interesting reading among its members, and more should avail themselves of the opportunities offered and join at the earliest convenience.

LETTER TO W. A. STRICKLAND, Paradise, Florida.

Dear Sir: Here's the gist of the paint question:

1st. Every job painted Devoe takes less gallons than of any other paint.

2nd. The paint that takes least gallons wears longest; always. We can't help it. Yours truly,
